Praeterea eadem illa verba de iure impugnari videntur ex eo quod Principes pluries solent rescripta suis dare, ad hoc ut illud quod lege erat statutum observaretur. Cuius rei plurima in iure extant exempla. probant textus in l. 4. ff. de [illegible] ut in l. 3. ff. de interdictis, et relegatis, l. Relectio ad Cap. Super eo. 12. de electione e electi potest. lib. 1. tit. 6. Schedas 7.ª

Relectio ad textum in cap. Super eo 22. de electione, et electi potestate.

1 Succedit nunc Nostri Clementis tertij Constitutio, quae refertur in cap. Super eo 22. de elect. et electi potest. in cuius explicat. ad textum observantes ordinem ab ipsa exordimur speciem quae ita potest fingi. Destituta aliqua ecclesia praelato suo electores in unum convenientes Titium v.g. praedictae ecclesiae praelatum nominaverunt, et elegerunt, cuius quidem electio indistincte fuit cassata; et sic electus ab illa praelatura fuit reiectus. postmodum ipse ille, qui electus, et repulsus fuerat, ad regimen alterius ecclesiae fuit designatus ... dubium ortum an haec 2a electio deberet confirmari; rationem dubitandi praestabat quod electus fuerat semel reprobatus, et sic quod non posset iterum eligi. quo dubio non obstante ad interrogata respondit noster Clemens 3us, aut inquit prior electio fuit cassata propter electionis modum, quoniam v. aliqua defecerunt, quae ad huiusmodi qualitatem sunt necessaria et tunc 2a electio illius, qui prius fuerat electus, et reprobatus confirmanda est. Rebus difficultatibus non obstantibus, nec quidquam mei convenient[illegible] dicentibus decendis et verissimam esse veritatem [illegible] ff. S. cum cuius electio fuit cassata vitio servorum et [illegible] non potest. Si vero talis electio cassetur per relectionis modus postmodus eligi recte posse; ad cuius [illegible] veram explanationem et ad hoc ut melius rationem decidendi assignare possimus sequentia animadvertenda tanquam maxime necessaria sunt. Itaque in primis sciendum est electionis considerari posse aut rerum, aut personarum, aut actionum; nec est [illegible] sermo tantum [illegible] de elect. personarum ad benefficia, alliaque dignitates promovendarum. Cuius electionis definitio licet varia colligat ab interpretibus assignari, ut constat ex traditis a P.º Greg. [illegible] de elect. c. 1. n.º 1. et ab [illegible] in summa [illegible] §. quid sit electio n. 1. tamen verior, et omnium definitio hoc est, quod electio sit [illegible] ad dignitatem aliquam [illegible] vacantis canonice facta vocatio aut [illegible] superioris confirmanda; quam definitionem [illegible] antiquiores scribentes ad hunc tit. de elect. prosequuntur, et declarat [illegible] Valensis in par[illegible] ad d. [illegible] 3. n.º 3. cum duobus sequentibus. Cuius electionis triplex species est, ut constat ex [illegible] 42. cap. [illegible] 45. et ex aliis [illegible] eiusdem tituli de elect. Prima electionis species est, quae fit per scrutinium, 2.ª quae per compromissum celebratur; 3.ª quae per inspirationem Spiritus Sancti fit; quas breviter, et sigilatim percurramus oportet. Itaque electio per scrutinium tunc fieri dicitur, quando secrete, sigilatim, et seorsum uniuscuiusque eligentium voluntas inquiritur, et ex illis qui electionibus interesse debent nominantur qui vota [illegible] excipiant libere, et nulla conditione adiecta, [illegible] [illegible] in cap. cum terra 14. cap. [illegible] 42. h. tit. de elect. cap. 2. eodem tit. in 6.º et postmodum ad hoc nominati in scripturam redigentes scrutinium publicent, ad hoc ut ille electus intelligatur in quo omnes, vel maior, et sanior pars consentit; quippe si per minimos capituli [illegible] electio fiat nec tenet, nec per subsequentes consensum ratificari [illegible] cap. auditis 29. h. tit. et facta publicatione hoc est, publicato scrutinio mutatio suffragiorum omnibus denegatur cap. [illegible] scrutinio 40. h. tit. de electione. Cuius electionis per scrutinium forma refertur in cap. Cum ana [illegible] 50 de elect. = Secunda electionis species est quae per compromissum celebratur, et tunc fit, cum per omnes eos ad quos spectat electio [illegible] nominantur plures electores, unusve, qui vice eorum [illegible], et vi[illegible] illorum consensus eligant eum quem digniorem, aptiorem ad dignitatem, de qua agitur iudicaverint, quae elect. celebrata nisi canonice constat imp[illegible], electus per [illegible] approbandus, confirmandus est cap. [illegible] 50. et cap. quia [illegible] h. tit. de elect. Vel nisi formam compromissi electores excedant; nam tunc electus [illegible] cap. cum dilectus 32. h. tit. et licet in aliis collegii rebus ministrandis, et exercendis maioris partis sufficiat consensus, tamen in elect. per compromissum celebranda omnium consensus requiritur adeo ut si unius tantum desficiat, compromissum cesset, cap. [illegible] [illegible] qui vice omnium tit. nec sine [illegible], nam ex compromisso [illegible] voluntatis, et ad omnes expectent, ab omnibus debent approbari ex regula [illegible] in cap. quod omnes tangit de R. iuris in 6. Cuius electionis formulare fertur in cap. cum expediat 29 de elect. in 6. = Posterior electionis species quae per inspirationem divinam fit, est quae illa, quae [illegible] ut quis eligatur ab omnibus unanimiter, et velut inspirante consensu absque aliqua [illegible] ita divino spiritu instigante [illegible] in d. cap. quia [illegible] 42. h. tit. Cuius electionis per divinam inspirationem facta nonnulla [illegible] exempla, ut [illegible] in divo Nicolao, qui cum laicus esset [illegible] in episcopum fuit electus, et in divo Ambrosio, qui adhuc in baptismatis [illegible] fuit electus; et [illegible] a [illegible] [illegible] ducem fuisse electum, Saulem regem nominatum et plures [illegible] ab [illegible] ascendisse; et hanc elect. fieri solere quod [illegible] certum est, ut constat ex d. cap. quia [illegible]; tempore enim apostolorum electi fuerunt septem diaconi, et maiores [illegible] elegerunt Paulum, et Barnabam, Silam, et Iudam legatos ut constat ex actibus Apost. c. 6. et 15. = In quibus tribus electionis speciebus illud observandum esse [illegible] Concilium Basiliense, ut [illegible] ad quos pertinet electio adve[illegible] [illegible] electionis conveniant in loco missam de Spiritu Sancto audituri, [illegible] ut [illegible] qualis sit aptior elect. Rursus sciendus est pro tempore varietatem eligendi immutatam fuisse itaque si de Pontifice quaeratur vidimus Deum Dominum nostrum Jesum Christum elegisse sibi discipulos, et ex illis apostolos Christi [illegible] Marci cap. 3. cum similibus, inter quos elegit D. Hac Dicta sufficiant de variet[ate] rerum circa Electionem Summi Pontificis: nunc examinandum est, ad quos electio episcoporum expectet, asserendum pro temporum varietate [illegible] eligendi commutatum fuisse. Ex quibus omnibus, et quippe ex ita decidendi rac[ione] cognitus [illegible] ad celebre Innocentii 3.i Decreti relatum in cap. Super his 16. de accusationibus, ubi proponitur quandam electum in episcopum [illegible] nonnulla impedimenta opponebant canonici, ob quod talis electio vitiaretur, videlicet quod esset famae malae et criminosus, quod matrimonium [illegible] et cum vidua, de qua re consultus Innocentius, ipsis prius proponens tribus modis crimen opponi posse [illegible] denuntiando, excipiendo, accusando, sequentia profert verba, Si illum opponentur ut quis a promotione officii vel beneficii excludatur, quia ante confirmationem obiicitur, non cogitur quisquam inscribere, quia crimen hoc modo probatum impedit promovendum, sed non deiicit iam promotum, ex quibus aperte colligitur quod quando crimen probatur per viam exceptionis [illegible] electum, talis electus quantumvis vitiosus inveniatur non est repellendus ab obtentione beneficii, licet a confirmatione repellatur, quod ille cuius electio cassata fuit, aut cassari potuit ob vitium criminis [illegible] crimen obiecti probati incapax evidenter non efficitur, ut obtinere possit beneficium adversus ea quae in [illegible] proponitur. Difficultatem hanc tetigit Abbas Panormitanus in [illegible] num. 3. cum sequentibus, ubi plures [illegible] Doctores refert intelectus, quos apud ipsum curiosus varietatis videre poterit, inter quos magis placet dicere nostrum textum loqui in dissimili casu, et loquitur in dicto cap. Super his de accusationibus, noster vero [illegible] electio fuit cassata [illegible] [illegible] eligi non posse, hoc est ut posse de novo aliquam adipisci dignitatem, vel de dignitatibus antea obtentis [illegible] [illegible] in dicto cap. Super his [illegible] quod crimen hoc modo probatum impedit promovendum, sed non deiicit iam promotum, tradit Abbas Panormitanus loco citato. = Verum licet

[illegible] et doctrina verissima sit, tamen aliquae insurgunt adversus eam difficultates. Prima nascitur ex eo quod crimen probatum per viam exceptionis non infamat eum adversus quem obiicitur, ut probat textus in cap. Super his, dum asserit electum [illegible] eligendum esse, quippe [illegible] quod [illegible] fuit [illegible] personae requisitas in [illegible] infamia facti laborat, quando iter eligendi opinio, quae in nullo debet vacillare, cap. Innocentij 3i Decretum de quo in cap. innotuit 20 [illegible] de elect.

Rursus eiusdem decidendi erat in inferius interpretatio ad difficile ubi sequens proponitur species. Ecclesia Eboracensi destituta Pastore, Canonici eiusdem concorditer Magistrum M. Archidiaconum Eboracensem nepotem suum elegerunt, petieruntque confirmare ab Archiepiscopo, ad quem de communi antiquo Canonum iure electionis [illegible] spectabant, x.a [illegible] in cap. cum dilectus 32. hoc eodem tit. de elect. nunc vero postquam Pontifices per regulam Cancelariae sibi generaliter omnes electiones Patriarcales, Primaciales, Archiepiscopales, et Episcopales reservarunt, electionis confirmatio ab ipsis, non ab Archiepiscopis petenda est; rogabant itaque Archiepiscopum ut electum de Archidiacono Eboracensi factam confirmaret; ipse vero quia electus absens erat distulit confirmare, [illegible] certe [illegible] absentis [illegible] qualibet possit eligi absens, et inscius, non tamen debet, nisi prius consentiat, confirmari, ut docent [illegible] in cap. quam sit de elect. lib. 6. Dum Archiepiscopus electi desideraret adventum, electus, et [illegible] sui [illegible] illegitimo matrimonio non fuerat procreatus; nam ut constat ex [illegible] in libro [illegible] excussi [illegible] anno Domini 1587. Archidiaconus ille progenitus fuerat ex quodam milite, et ingenua muliere [illegible] atque ita ex patribus inter quos iure poterat [illegible] matrimonium; quam ob rem [illegible] electus [illegible] illegitimus [illegible] in quo tamen Apostolica Sedes dispensare poterat ut probatur arg. tex. in cap. nimis 18. de filijs presbiterorum [illegible] Archiepiscopus cognito [illegible] non iam tam differebat, quam debebat electum confirmare; [illegible] à Sede Apostolica [illegible] à qua in vero [illegible] electionis [illegible] confirmationis. Cumque haec omnia ad Sedem Apostolicam [illegible] fuissent quidam suffraganei Archiepiscopi Cantuariensis Summo Pontifici Inn.o 3.o significaverunt [illegible] [illegible] quod ipse electus confessus fuerat, et tunc [illegible] confitebatur; Superinde scribit Inn.us Cantuariensi Archiepiscopo [illegible] statuens quod quamvis Canon Concilij Lateranensis sub Alex.o 3.o celebrati anno Domini 1179. de quo in cap. cum in cunctis 7. hoc eodem tit. de elect. non legitime genitos adeo persequatur quod electionis de ipsis celebratas nullam esse decernat, non tamen potuit legem imponere successori; qua cum talibus prohiberetur dispensare [illegible] vulgata [illegible] quod [illegible] quod par in parem non habet imperium ut probat tex. in cap. non liceat Papae [illegible] [illegible] 12. q. 2. l. 3. et 4. ff. de arbitris [illegible] ille à quo [illegible] tempestivum ff. ad Trebell. et quanquam multa [illegible] suadere dispensatio [illegible] honestas morum, literarum scientia, [illegible] à quibusdam Cardinalibus [illegible] Pontifici [illegible] fama personae electi, quam in Scholis bene [illegible] experti fuerant, quibus [illegible] suffragabatur [illegible] electio, et humilis electi confessio; tamen [illegible] habito tractatu Pontifex intelligens, et [illegible] quod Ecclesia Eboracensis eundem Marcum Archidiaconum Eboracensem non postulaverat, ut debuerat, sed temere [illegible] [illegible] ipsum elegerat electionem celebratam auctoritate Canonis Lateranensis Concilij, de quo in d. cap. cum in cunctis, cassavit, irritamque, et inanem decrevit; [illegible] statutis [illegible] electionis imponens. Ecce [illegible] Pontifici Inn.o 3.o [illegible] et ad eam responsum [illegible] [illegible] narratum, [illegible] alienum [illegible] narrat, [illegible] narratum responsum [illegible] est. Deinde [illegible] interpretatio ad [illegible] in cap. [illegible] [illegible] proponitur [illegible] Cisterciensi [illegible] [illegible] habuit, quam ob rem, nec ordinarium, nec [illegible] debebat [illegible] [illegible]

Canonici filius erat, atque ita Electionis accesserat, Pontifex Alex. 3. ex cap. 3. ad Archiep. Cantuariensi dedit in mandatis, ut pro eo quod Canonici filius diceretur, ex mera dispensatione procedat, de macula vero eidem Archiepiscopo mandat ut cum consilio Suffraganeorum suorum quod visum fuerit exequatur; unde illi cameram dispensationis providisse videtur; Casus tamen varie constat Electum duplici vitio detentum, et corporalis maculae et infectae Originis, in quibus repulsus, nec electio illius cassatur, et annullatur; quare igitur [illegible] vestri Clemens 3. statim ac cognovit vitium personale in solo probatum electum reijceret, verum vat. [illegible] purgatis cum [illegible] adversus cuiuslibet dignitatis, et Alex. in d. cap. tamen [illegible] desiderat ut utrique defectui dispensationem impartitus fuerit, quam difficultatem nullus tetigit; quare [illegible] certo illegitimus ad dignitates admitti non possit ex deductis tamen in d. cap. nimis cum multis de filiis presbyterorum, et ad tamen in d. cap. 2. de corpore vitiatis, ex magna quanvis dispensatione, [illegible] author [illegible] plurimum et beneficientem liberalitatem aliorum Pontificum, qui has electiones confirmarunt, ut constat ex [illegible] 12. 5. [illegible] ita Alexander fecit cum illo Cisterciensi electo, de quo in d. cap. 2. de corpore vitiatis, at vero Clemens 3. tale exemplum sequi noluit, et statuit [illegible] vitium fuerit personale [illegible], quod ibi confirmavit Innocentius 3. in [illegible] cap. [illegible] 20. de elect. et electi potest. =

No. 17. Verum difficultatem movet in d. cap. 2. de corpore vitiatis quod Archiepiscopus Cantuariensis dispensaverit cum illegitime nato, et cum vitiato corpore, cum utraque dispensatio ad Pontificem expectet ex traditis in cap. nimis ult. de filiis presbyterorum, et tamen in contrarium consideratur [illegible] 56. [illegible] Quaresma de dispensatione de [illegible] n. 15. et Quarenius de sacris [illegible] ministerijs [illegible] 4. cap. 5. Abbas Panormitanus ut effugiat difficultatem ait in prima [illegible], ubi de dispensatione cum macula corporali agitur, cum consilio Suffraganeorum dispensandum esse, verum tamen [illegible] [illegible] agitur de [illegible]gitimitate, affirmat recte pontificis ex mera dispensatione electo providisse. Verum quamvis haec Abbatis explanatio tam aequa, conveniensque sit [illegible] Alexandri decisioni, tamen mihi veritatem quaerenti, et [illegible] Quaresma extra [illegible] quem video in [illegible] triplicem dispensationem considerandam esse in d. cap. 2. de corpore vitiatis. [illegible] quo ex mandato Pontificis dispensat Archiepiscopus Cantuariensis in defectu Legitimitatis; Altera quae ex mandato [illegible] Pontificis idem Archiepiscopus dispensat circa maculam corporalem, et tertia denique [illegible] mera Alexandri [illegible], qui dispensat ipse, [illegible] natalium defectus. Nec in macula [illegible], sed in eo quod permisit Archiepiscopo in talibus defectibus dispensare et alias citra dispensationem Pontificis facere [illegible] posset, cum reserventur huiusmodi vitiorum dispensationes Romano Pontifici [illegible], et haec est quam maxima dispensatio; si mea [illegible] cogitatio Alexander [illegible], [illegible] Cantuariensi Archiepiscopo in illis vitijs dispensare, quae Soli Romano Pontifici de Communi reservata erant, atque ita sententia [illegible] tamen in d. cap. 2. de corpore vitiatis, quod [illegible] antiquiores. =

No. 18. Denique [illegible] ad [illegible] in cap. Cum olim 6. de clericis conjugatis, ubi [illegible] filius sacerdotis recte posse obtinere beneficia, et quaelibet dignitates, at filij sacerdotum sunt inhabiles [illegible] ex text. in c. de filiis presbyterorum; quia ille [illegible] [illegible] propterea [illegible] [illegible]. Verum haec difficultas facile diluitur si animadvertamus [illegible] in d. cap. Pro [illegible] ad Textum in cap. 2. de Auctoritate et usu Palii. [illegible]

Succedit nunc Nostri Clementis 8i Pontificis Maximi [illegible] tam notabile, quam elegans Decretum relatum in cap. 1. De auctoritate et usu palii. ex quo [illegible] dubitatum [illegible] fuisse quando pallium traditur sub hac forma, tradimus tibi pallium, ut utaris eo infra tuam Ecclesiam, qualiter [illegible] illud [illegible] infra Ecclesiam tuam, cui Dubitationi respondet Noster Clemens dicendo [illegible] utrum [illegible] esse, ut infra quamlibet Ecclesiam provinciae suae possit Archiepiscopus pallio uti. Ex quo regerunt communiter ab omnibus [illegible] interpretibus sequens [illegible] deduci solet; Archiepiscopus infra quamlibet Ecclesiam provinciae [illegible] pallio uti potest, extra [illegible] non potest. [illegible] cum aliis 100. dist. quam [illegible] Panormitanus [illegible] Felinus, Joannes Andreas [illegible], exornant [illegible] Tractatus [illegible] nostri tituli, [illegible] quo loco [illegible] Vivianus in rationali [illegible] Pontificis [illegible] 1. cap. Verum licet [illegible] tot auctoritatibus, tamen [illegible] [illegible] difficilis tamen redditur ex sequenti consideratione [illegible] Archiepiscopus intra [illegible] tantum pallio uti [illegible] [illegible] [illegible] [illegible] [illegible] utrantur [illegible] [illegible] Archiepiscopus in locis exemptis [illegible] nullo [illegible] jurisdictionem [illegible] [illegible] ante [illegible] [illegible] benedictione [illegible] [illegible] in Pontificalibus [illegible] [illegible] privilegiis, [illegible] recte [illegible] Archiepiscopus tantum [illegible] subiectis pallio uti posse, [illegible] minime [illegible] auctoritate [illegible] recte [illegible].

Augetur hic Dubitatio [illegible] ex decisione [illegible] cap. [illegible] 6. [illegible] de auctoritate et usu pallii, [illegible] Archiepiscopo loquens [illegible] ubicumque fueris in Missarum Celebratione [illegible] solemnibus [illegible] pallio poteris [illegible] [illegible]. Quibus ita constitutis, apparet iam verissimam esse [illegible] sinem [illegible] Archiepiscopus tam intra suam provinciam pallio uti posse, extra autem minime, cuius decidendi ratio ex eo oritur, nam cum Ecclesia [illegible], ut Pontifex per se solus Ecclesiam universam gubernaret, alios ipse designavit praelatos, inter quos fuerunt Archiepiscopi, qui quoniam maiores habent auctoritatem quam Episcopi, pallio insigniti [illegible] viderentur, quare per totam suam provinciam suam illo possint uti, ex eo est; nam [illegible] Archiepiscopus [illegible] namque in plenitudine potestatis fuit vocatus, Archiepiscopus vero in partem sollicitudinis [illegible] cap. Cumque contrarias ut addiscamus aliqua valde utilia, et maxime necessaria quae pallium magis et universitatem dictorum Archiepiscoporum proponere opus est; et in primis animadvertimus pallium esse insigne ornamentum ex lana candida contextum, quae ex duobus agnis deducitur, qui quotannis in monasterio Sanctae Agnetis in die festivitatis eiusdem Sanctae, dum in Missa solemni cantatur Agnus Dei, offeruntur, et a duobus Canonicis Lateranensibus recipiuntur, et ab eis postea consignantur Subdiaconis Apostolicis, qui huiusmodi agnos in pascua mittunt, usque dum tempus opportunum tondendi veniat. Habet pallium circulum humeros constringentem et duas lineas ab utraque parte ante et retro pendentes; a sinistris est duplex, a dextris simplex; in super habet quatuor cruces purpureas, non nigras, ut voluit Cartagena ad hunc textum, et ut vulgo depingitur, quia a sanguine Christi purpuratae, ut docet Durandus in rationali divinorum officiorum cap. 17. in pallio, quae tres cruces cum aculeo sunt, quarta sine eo; nam cum per las significentur quatuor, scilicet gaudium, spes, et dolor cum timore, quia magis debemus gaudere, sperare, et dolere quam timere. Vel per eas significentur virtutes Cardinales, iustitia, fortitudo, prudentia, et temperantia, et quia temperantia virtutes alias excedit, ideo eius crux sine aculeo significatur, ut docent Abbas in dicto cap. ad honorem, Host. in summa huius tituli, et Hugo de Sancto Victore in [illegible] de sacris, et alii ex [illegible] relatis =

n.o 6. Plurimum sciendum est pallium significare plenitudinem potestatis Pontificalis, ut constat ex textu in cap. nisi specialis 3. cap. ad honorem 4. hoc titulo, et ex Concilio Lateranensi 4.o sub Innocentio 3.o anno 1215. cap. quod quidem ad hoc institutum fuisse a Lino Papa testatur Eusebius in Sermone de Epiphania, et deducitur ex Ceremoniali Romano cap. de pallio. Verum pallium huius dignitatis insigne in plenitudine [illegible] a corpore Divi Petri sumitur, cap. significasti 4. de elect., ut significetur Praesules palliatos eminentiam dignitatis ab ipso Petro accepisse. Igitur pallium ad aram Divorum Petri et Pauli defertur, ubi solemnibus recitatis precibus a Pontifice consecratur, et in nocte integra ibi relinquitur, mane recipitur, et servatur, donec alicui Archiepiscopo deferatur, ad quem magna cum veneratione mittitur, et dispensatum accipit ipse a Priore Diaconorum his verbis. In nomine Patris, et Filii, et Spiritus Sancti, et in honorem Dei Genetricis et in honorem Sanctorum Petri et Pauli Apostolorum, et Domini N. Papae, tradimus tibi pallium sumptum de beatissimo corpore Petri Apostoli, ut utaris intra Ecclesiam diebus permissis, constat ex Ceremoniali Romano cap. de pallio, tradit Baronius anno 1179. n.o 7. Amplius animadvertimus hanc dignitatem palliatam esse [illegible] necessariam, nec dignitati dumtaxat concedi, sed potius personae, et dignitati simul, ut constat ex textu in [illegible] supplicasti quod diremimus, vel nulla dignitas per se habet honorem pallii annexum; licet frequenter soleat Archiepiscopis concedi, ut constat [illegible], imo indulto personae comitatur; nam si per nova concessio pallii opus est, cap. bonae memoriae 4. in fine de postulat. praelatorum, quod in eius adeo personale est, ut non valeat alteri commendari, et cum eo palliatus debet sepeliri, cap. hoc titulo. ubi Host. et Abbas Panormitanus notant. Quibus difficultatibus non obstantibus [illegible] quidquam [illegible] dicendum [illegible] filii legitimi, et illegitimi [illegible] parentibus. Cuius conclusionis decidendi rationem ut assignemus [illegible] exponere [illegible] rationem [illegible] vera [illegible] quaerenda. Quare [illegible] duplex est reddenda ratio, et quatenus diximus [illegible] admitti [illegible] casu proveniens, quia filii illegitimi [illegible] et infames sunt, cap. [illegible] et [illegible] beneficia ecclesiastica et dignitates [illegible], et infamibus personis [illegible] non debent [illegible] excellentiam [illegible] dignitatis Clericalis Status, qui ad talem [illegible], arg. [illegible] excessibus praelatorum: [illegible] apud [illegible] gentes tanta reverentia erga res spirituales, tanquam [illegible] semper [illegible] difficile [illegible] omnia congerere. Romani itaque adeo [illegible] ut [illegible] supremi imperii culmen sacris, et sacerdotibus subiicit [illegible] sacerdotes enim [illegible] idcirco [illegible] Romanos [illegible] in loco sedebant ut refert [illegible] adversus [illegible] sedent [illegible] publicis Sacerdotum omnium, Magistratus [illegible] Collegia, Pontifices maximi [illegible] sedent [illegible] et Flamine [illegible] = Quare Dionysius Halicarnasseus [illegible] antiquitatum Romanorum refert Sacerdotes eligendos ex gente excellentes, non [illegible] infames, [illegible] corpore [illegible], [illegible] debere, ut bene quid agerent intelligant. Similiter etiam [illegible] Barbari [illegible] Barbarorum maximi, qui nec [illegible] Domini nostri agnoverunt [illegible] Sacerdotibus reverentiam praestabant, ut regi advenienti [illegible] Sacerdoti occurrerent, [illegible] inclinato capite manum illius osculabant, aliaque similia in [illegible] exercebant. [illegible] turbarentur, et in irreverentiam Status Clericalis vergerent, si hodie fideles et christiani gentes, qui veri et omnipotentis Dei cognitionem habent, filios Sacerdotis, qui infamis est, ad munera Ecclesiastica admitterent, alias [illegible] quodammodo irreverentialis [illegible] Sacerdotalis dignitas, quae [illegible] semper habenda est quam decidendi [illegible] tradunt Anastasius Germonius [illegible] de sacrorum immunitatibus cap. [illegible] et [illegible] Rebuffus in praxi [illegible] renovatione natalium n. 8. = Accedit huic rationi illa consideratio, nam [illegible] filios presbyteri ad Ecclesiastica [illegible] admitteret, [illegible] ut parens [illegible] filios [illegible] excelso statu [illegible] ex quibus [illegible] major [illegible] cum crimen [illegible] item et [illegible] quibus [illegible] de legitimis [illegible] tutoribus [illegible] de publicanis et Vectigalibus [illegible]

Adversus quam [illegible] nam decidendi rationem videntur obstare [illegible] l. [illegible] ff. de decurionibus, et [illegible] filiis, ex quibus verbis aperte [illegible] videntur, qui [illegible] infames sunt ad decurionatum [illegible] admitti [illegible] ad [illegible] omnes, qui [illegible] infames sunt [illegible] admittuntur dignitates [illegible] dicendum presbyterorum filios ab Ecclesiasticarum dignitatum [illegible] non amoveri [illegible] infamibus habeantur [illegible] infames dignitates [illegible] obtinere. = [illegible] interpretationis [illegible] dupliciter responderi potest. [illegible] Dicendo [illegible] legibus [illegible] affirmari [illegible] illas personas ad honores et dignitates admitti debere, [illegible] asserere [illegible] ad Decurionatum [illegible] [illegible] honestiori [illegible] quod admitti poterit ob maximam [illegible] necessitatem, ut bene animadvertit [illegible] observat, cap. 29. Duarenus [illegible] n. 20. = [illegible] filii illegitimi ad temporales dignitates aliquando admittuntur, non tamen ad Ecclesiasticas admitti debent, [illegible] speciali [illegible] intervenit [illegible] magna [illegible] inter utramque dignitatem [illegible] cap. [illegible] assignanda vera decidendi ratione, quare [illegible] filius [illegible] illegitimus Sacerdotis non possit obtinere beneficium in quo pater eius praecedens immediate ministravit, [illegible] nonnulli [illegible] asserunt ideo illegitimum Sacerdotis filium [illegible] obtinere non posse, quia id ex lege divina [illegible] Deuteronomii cap. 23. [illegible] hoc est [illegible] natus [illegible] usque ad decimam generationem ut [illegible] generationibus [illegible] filii sint legitimi, cap. n.º 9. Quare licet [illegible] decidendi ratio verasit, et admittenda sit quoad filium

Ex prescripto Academie nostre, nobilissimi Auditores, lustrandum, et hoc tempore illustrandum Pontificij iuris vespertinis assignatur nobile, et difficile Alexandri 3.ii Decretum relatum in d. cap. si pro debilitate 3. de off. et pot. iudicis delegati, in quo, nec non in alijs eiusdem tituli iuribus utilis, et valde practicabilis de subdelegatione causarum a delegatis Principum Superiorem non recognoscentium facta, exagitatur materia, quam rem ut perfecte exponamus de more nostro in primis eius hipotesim fingamus. ita se habet. fuit lis super aliqua causa, puta beneficiali inter aliquos mota ad cuius decisionem iudex delegatus fuit a Rom.o Pont.e nominatus, desiderabat iudex iste vices suas alij omittere ideo predicte cause cognitionem, et discusionem in alterum subdelegare; querebatur utrum hoc posset facere, de quo dubio ora. Pontifex Alex.er 3.us respondit liberum esse etiam partibus invitis predicto iudici delegato, personis discretis, et idoneis vices suas omitere, si debilitas, vel necesitas, aut quelibet alia gravis causa impedimentum prestiterit, quominus predictus iudex a sede Apostolica nominatus predicte cause decisioni interesse possit, non quod semper sit iustam causam requiri ad talem subdelegationem faciendam, sed potius quod quando illa adest, possit compellere subdelegatum ad acceptandum, ut animadvertit Panormitanus hic n.o 1.o cum sequentibus, et nos latius inferius explanavimus; verum tamen Pontifex concludit subdelegatum non admitti in causa, que causa sui natura, et conditione sit, ut absque eius presentia nequeat omnino determinari, qualis est inquisitio excessuum, in ultimis que alia, quas postea prosequemur examinando quas causas delegari nequeant =

His difficultatibus ita tandem [illegible] dicendum [illegible] Alexandri Decisio. V. ex consensu partium iurisdictionis iudicis delegati prorogari posse elapso termino ad causam decidendam designato, ad cuius perfectam intelligentiam, neque hypotheticam [illegible] demonstrari facilius queat, [illegible] nulla animadvertenda veniunt; imprimis itaque sciendum est, prorogationem, quae regulariter, non tamen decisionem spectat, nihil aliud est quam iurisdictionis extensio, quae variis solere [illegible] ad causam, de re ad rem, de loco ad locum, de tempore ad tempus, et denique de persona ad personam, ut sup. n.° 1.° dicebamus, et tradunt Covarrubias [illegible] cap. Rursus animadvertendum est, quod licet regulariter in utraque iurisdictione tam delegata quam ordinaria prorogatio fieri possit et soleat, [illegible] semper [illegible] aequaliter [illegible], quia delegata prorogari nequit, [illegible] ordinaria, et a simili ordinaria prorogatur, delegata vero minime, [illegible] utraque, et nunquam nullo casu [illegible] prorogatio admittitur ut statim ostendemus. Itaque prorogatio de causa ad causam, et de re ad rem quam tantummodo locum habeat in iurisdictione ordinaria cessat in delegata, quia iudex delegatus tantum intelligitur habere potestatem respectu illius causae, illius quae rei ad cuius cognitionem [illegible] nominatus est, ut ex [illegible] rescripti [illegible] solet ad examinandum iudicis ordinarii ad cuius tribunal [illegible] rei quae [illegible] subditorum cognitio [illegible] exercetur [illegible] de off. iudicis ordinarii, [illegible] cum pluribus, quos [illegible] Docuit Cofreg. Relectió ad tex. in Cap. fin. de iudiciis. Lib. 2. tit. 1.

Repet. ad textum in cap. finali de pactis in 6.

n. 1. Ut integrum t[ractatum] resolutionis in 6to Sexto Decretalium ostenderemus, vobisque o Clarissimi auditores hoc eminenti Gymnasio nobis explicata exhibeamus, agredimur iam posteriorem Bonifacij Octavi satis elegantem constitutionem relatam in cap. finali hoc tit. Et quam prout tempus patitur explicemus, ni ignorantes manus requiri intervallis, promittimus eleganti[o]ra, et magis necessaria ac propria proponere, itaut exillis possit, si sors obtulerit, in quacumque libet dignitatis, aut ministerij munus honore, [illegible] sperari. Igiter de more nostro initium ab illius non ineleganti specie capiamus. Fuit contractum matrimonium per verba de presenti inter Titium, et Bertam, virtute cuius contractus ortum fuit exceptum utrumque reciproce iuramento. Non obstante predicta Berta reclamavit dicens se talem non debere adimplere contractum. Fuit lis obstacta, lucerit [illegible] Titius esset minor 25 annis, et maior quatuordecim, dubitatur utrum possit in iudicio per se, vel per procuratorem adesse; et respondit Bonifacius 8us in hac causa, et in beneficialibus, necnon in aliis dependentibus ab eisdem posse vel ad agendum, vel ad defendendum per se, aut per procuratorem in iudicio adesse, illud quod infra quatuordecimum annum existat, hinc non potest in iudicio comparere, nisi episcopus aut eius officialis curator illi decernit, cuius auctoritate litis motum exerceant, vel si fuerit maior infante cum auctoritate cuiuslibet ex his, vel delegati sedis Apostolicae poterit procuratorem designare; quod Validum erit etiam si parentes cuiusvis litigans minor existat potestate [illegible] sub illum, quantumvis regulariter filij absque illorum assensu in iudicio esse nequeant, ut latius inferius dicemus.

n. 2. Ex hac facti specie [illegible] quibus inter alia in hoc textu deduci solet ex dicto textu ubi sic se habet. Maior quatuordecim annis, et minor viginti quinque causas beneficiales, et spirituales utique et ab eis dependentes agere, et defendere potest tam si maior 25 etiam sine patris consensu, si minor quatuordecim tantum per curatorem, vel curatorem ad litem datum auctoritate ordinarij, vel delegati ad causas id facere potest. Probatur hoc ex textu in cap. 1 [illegible] cap. 14. [illegible] in Clementinas ambigendi, quem ipsa mulier quamvis minor causam potest matrimonium per procuratorem tractare de restitutione spoliatorum, cap. 2. cap. indecorum 3. de aetate, et qualitate, cap. 1. cap. ad nostram 3. cap. cum dilectus 14. Cum similibus aliis de regularibus et transeuntibus ad religionem, cap. de Crimine [illegible] cap. 1. 2. 20. 9. 12. cap. de regularibus tit. 6. probatur que argumento textus in l. 1. § finali. l. 2. ff. ad Macedonianum l. eius 38. C. de eis, et [illegible], exornant, et illustrant hunc textum [illegible] antiquiores et moderni tenentes Dominicus, Geminianus, Francus, et alii, Panormitanus, et [illegible] de restit. spoliatorum [illegible]. Coll. [illegible] variarum resolutionum [illegible] Flaminius [illegible] Molina [illegible] tract. 2. [illegible] 220. n. 6. Stephanus Gratianus disceptationum forensium cap. 74 n. 11. Boerius decisio 350 n. 10 [illegible] Vulteius [illegible] de [illegible] §. 42. n. 20, et in cap. quia [illegible] §. 28. n. 3. [illegible] cap. 4. [illegible] expradictis tractant hanc rem [illegible] Suarez [illegible] remedio 15. n. 819. Barbosa in l. 1. §. [illegible] Gregorius Lopez [illegible] l. 2. tit. 2. [illegible] l. 7. tit. 6. [illegible] quos de more suo refert [illegible] Barbosa in collectaneis ad cap. [illegible] de restit. spoliatorum, [illegible] 3. et 4.

n. 3. Verum licet hoc non sit tot [illegible], [illegible] firmata, [illegible] difficilius redderetur sequenti ratione, nam minor viginti quinque annis, et maior quatuordecim non habet legitimam standi in iudicio [illegible] fragilitatis, l. 1. et 2. C. qui legitimam personam standi in iudicio habeant, adeo ut si quando quis in iudicio compareant [illegible] adversus sine eis parentes debeat intervenire consensus, l. 1. C. de bonis maternis, l. oportebit. §. veniam l. finali §. ubi autem C. de bonis [illegible] fragilitatis, et consilij deffectus naturaliter militat in minore viginti quinque annis agente causas spirituales, [illegible] et talis argumento textus in l. [illegible] ff. de minoribus, igitur in redditum [illegible] [illegible], possint beneficiales, et spirituales causas [illegible], aut per curatorem tractare, [illegible] filius secularis [illegible] clericus adhuc existat in parentis potestate auctoritate [illegible] Clericus [illegible] episcopalis [illegible] a patria potestate filios liberare statuit [illegible] Bonifacius docet.

n. 4. 2° id [illegible] nostra assertio difficilius videtur ex [illegible] minor viginti quinque annis, et maior quatuordecim etiam si curatorem non habeat, potest [illegible] curatorem 3. C. de [illegible] minorum, [illegible] sine curatore [illegible] in iudicio possunt adesse [illegible] sicut Bonifacius in textu l. 3. §. idem ff. de [illegible], [illegible] ut in [illegible] privilegium [illegible] beneficiales, aut ab eis dependentes pertractant in iudicio [illegible] possint comparere, quantum [illegible] Frustra enim aliquid [illegible] privilegio [illegible] est [illegible] l. unica [illegible] Vulgatus, [illegible] spirituales [illegible] colligitur [illegible] tenenda.

n. 5. Denique quatenus ex [illegible] colligitur maiorem infante [illegible] procuratorem ad litem exercendam cum auctoritate superiorum constituere, [illegible] difficultas, nam ille [illegible] maior infante, qui [illegible] adimpleverit, [illegible] ab eo lumine, [illegible] ut [illegible] quid [illegible] l. 1. Quero in foro interpretat. ad sac. conc. ex parte 12 de off. et potestat. judicis delegati, ubi prouatur sententia vaccature posse promitti, et talis promissio talis valida sit, ubi ait tex. recessu sustineri competens. S. dicendum in presenti, et valere predicte promissiones quia etsi inferiores prelati non possint beneficia vaccatura promittere ob predictam rationem, tamen Romanus Pontifex propter supremam ejus potestatem plenissimam in beneficialibus distributionibus non solum vaccantia, sed etiam non vaccantia conferre potest. cap. eamte 7. de rescriptis, sicque intelligendus hic tex. in d. cap. ex parte, et tex. conc. 4. cap. 2. statutum 12. de concess. preb. lib. 6. de prebendis et dignitatibus. lib. 6. et ad docent Quarenus et Gonzales locis supra allegatis. Sed hec solutio et sententia difficilis videtur, ex eo quod ratio propter quam prohibita est concessio seu promissio beneficiis vaccantis est, quia datur occasio mortis captande alienj, ut supra vidimus, et dicendi provenimus. Sed hec eadem ratio militat in Romani Pontificis concessione, ergo sicut inferiores tales concessiones facere non possunt, ita neque Summus Pontifex. S. nihilominus dicendum est Pontificem semper gratias expectativas et beneficium non dum vaccans concedere justis intervenientibus causis, causa cognita, et publica utilitate inspecta, et cum quoque in ipsis semper habeat periculum illud et occasio captande mortis alienj aut cessat aut propter bonum commune. Quod autem ex his promissionibus sumatur occasio mortis alienj captande, hoc non debet Romano Pontifici imputari, sed quis committente ex sua culpa hoc fecit, sed solum pravo animo impetrantis, sane difficultatem nulli sorgit in illum, quod vix ab ea recedam, si eam non ne doceret ... Porro addunt et illa consideratio, ne Summus Pontifex in tanto fastigio collocatus exemplum debet tribuere ceteris ecclesie prelatis leges et canones non contemnere ... ex traditis a Quarenus lib. 6. de sacris ecclesie ministeriis. S. dicendum illa ... potestatis quam Pontifex in causis beneficialibus habet, non ... tantis considerari, sed ad normam justitie et equitatis ne et princeps ... legis ... contineatur directive in ... et tradit ... ff. 6 art. 3. Unde et princeps legibus solutus sit, ff. de legibus, attamen ... leges vivere debet, tex. in ... Donatus ... Deo ... similiter ergo Pontifex numquam vult, sed que secundum jus sunt licita vult facere. Et licet summi ecclesie temporibus non consueverant expectativas ad vaccatura concedere, ut docet Joannes Andreas in cap. duobus de rescriptis, postea vero posteriores Pontifices Innocentius 3. scilicet Gregorius 9. Bonifacius 8. us et Clemens 5. us ea potestate uti ceperunt, ita docent Rebuffus ... et Sanches ... loco supra allegato. Deinde in foro interpretatum ad sac. conc. relatum q. de officio ... de prebendis et dignitatibus, ubi quidem in canonicum ... receptus, cui ab episcopo promissio facta ... de prebenda vaccatura, et interim assignavit ei quandam portionem post mortem vaccantis prebende, et archiepiscopus ... adimplere promissionem canonicus ... ad Romanum Pontificem accessit, scilicet Alexander 3. us qui asserit ... et cum canonicus fuit in canonicum et ei fuit facta promissio beneficii vaccaturi tenebitur episcopus adimplere promissionem ... debet canonicus ad predictas dignitates ergo ... in presenti ...

Et nisi anteriorem asserit promiss. beneficij pro dicta vacatione nullus esse. Cui difficul-
tati respondendum est asserendo adeo ind. cap. relatum promissionem illam validam, et
quae procedit in eo Casu quo quis de Canonicatu provisus erat et hinc cujusmodi in Canonicum
esset receptus, valiter ei promitti potest praebenda 1a vacatura ratio est quia cum
prohibitio incompatibilitatis ab homine facta tantum procedit non a lege et illa promissio
ideo quae ind. cap. relatum fuit facta recepto in Canonicum magis a lege quam ab homine
censetur facta, unde mirum non est si validi promissio [illegible] prohibitione sit ab homine
ita docent Abbas et Anchar. ind. cap. relatum et aliter explicat Decius qui
sensit existimans [illegible] ind. cap. relatum dignitatem Canonico recepto deberi ex lege antecedentis
potius quam ex vi generalis promissionis cujus sententia manifeste procedenda
videtur. Ind. cap. relatum neque hanc interpretationem oppugnare videtur. Deinde ind. cap.
eodem titulo. Ubi prohiberi videtur promissio praebendae 1a vacaturae etiam recepto
in Canonicum in utroque esse exceptis. Spectare praebendam vacaturam repugnat decreto
nostro ideo neque dicendum est promissionem de qua ind. cap. dilectis ideo inutilem esse quia
facta fuit non in consequentia receptionis in Canonicum sed potius principaliter et
ante receptionem fuit enim facta in compositione et patet ex verbis ipsius textus in ante
dicta receptione et ideo cum non fuisset a lege sed solum ab homine fuit invalida
talis promissio tamquam repugnans. Nostro textus prohibitioni ita docent Innoc.
et Decius ind. cap. relatum de praebendis et dignitatibus = Per hoc interpretationem et solutionem
quae proponimus ad textum ind. cap. relatum de praebendis et dignitatibus impugnari ex textu
in cap. quia [illegible] et excep. de liber. 25. eodem titulo de praebendis et dignitatibus. Ubi videtur
probari quod etiam ratione receptionis in Canonicum non potest receptus praebendam 1a vaca-
turam consequi quae difficultas adeo gravis visa fuit Decio ind. cap. relato
11. Ut ea insoluta reliquerit. Dictare dicendum est ind. textu non improbari
spectationem praebendae 1a vacaturae in genere de qua nos loquimur sed tantum
speciem id est certi hominis quod aperte colligitur ex ipsis verbis in quibus pro-
hibetur duos spectare canonicos praebendam ad quam simul electi fuerint quae electiones
lex reiicit. Utrique praebendam denegat. De praebendarum de re. Quaesito a Curonensis
Concilij decreta de quo extat mentio in cap. maioribus et cap. avaritia de
praebendis et dignitatibus neque etiam alteri tantum ne forte obnoxiat alteri ma-
lam spectationem praebendae eiusdem post mortem. Quae solutionem tradit [illegible]
in collectaneis ad textum in cap. relatum n.o 1.

Deinceps inferendo interpretationem
ad textum in cap. dilectis 28 de iure patronatus. Ubi probatur reservationem primae praebendae
vacaturae facta a legato a latere validam esse ideo idem dicendum videretur
promissionem praebendae 1a vacaturae. Cum reservatio in favorem certae personae vim
promissionis obtineat. Cui difficultati respondendum est discrimen
tenendum inter promissionem et reservationem praebendae 1a vacaturae. Nam
si legatus a latere [illegible] nostro textu prohibetur promissionem promittere neque
conferre praebendam 1a vacaturam cap. dilectis de praebendis tamen
reservare

reservare, prouendis non vacantibus exceptis aliquibus casibus de quibus in cap. 3 et 4 de officio Legati in 6° ita docent Hostiensis, Zabarella et Panormitanus in d. cap. dilectus 28. de iure patronatus cum pluribus [illegible] relatis a Garcia de beneficiis. Ubi sup.a ratio discriminis inter promissionem et reservationem est, quia per promissionem et collationem beneficij vacaturi [illegible] ius prouisio. Et ideo votum captandae mortis alienae potest timeri [illegible] per reservationem, allegato facto, nullum ius acquiritur, et propterea fit reservatio et [illegible] cessat periculum mortis prohibitio [illegible] cessare debet. ita Panormitanus [illegible] n°. 9. Cum distinctio potius videbatur procedere in reservatione generali [illegible] an speciali quia in speciali tacite [illegible] videtur promissio, [illegible] reservatur [illegible] votis captandae mortis aliens pariter [illegible] difficultas [illegible] Hostiensis in d. c. dilectus [illegible] specialis reservationis legati Apostolici [illegible] alter beneficij reservati [illegible] commutare [illegible] tit. ff. de [illegible] expectandis [illegible] periculo [illegible] reservati [illegible]

[illegible]

Specie quod a nro Pontifice Inocentio tertio propositu fuerit, quidam monachi vendiderunt quasdam possessiones sui monasterij quibusdam civibus certo et determinato pretio, hoc. lucti ipsi comparuerunt coram iudice ecclesiastico dicentes predictam venditionem omnimodo rescidenda, propterea quod celebrata fuerat cum magna lesione, siquidem ultra dimidiam partem iusti pretij suum monasterium erat deceptum, super quo facto consultus Romanus Pontifex Inocentius tertius, partibus utrisque auditis sententiam protulit qua precepit, ut predicti emptores, aut pretio recepto, restituant possesiones quas emerant, aut suppleant quantum constiterit iusto pretio tempore venditionis defuisse. Ex quo facti specie conclusio quam ab Interpretibus deducitur sic se habet: venditor deceptus ultra dimidium iusti pretij agere potest ut res sibi vendita [illegible] pretio accepto restituatur, vel iustum pretium suppleatur, probatur hec conclusio ex textu capitulo cum dilecti 3.° hoc nro titulo, probant textus in cap. ad nostram 11. de rebus ecclesiae alienandis, capitulo veniens 26. cap. quintavalle 23. de iure iurando, cap. constitutus 6. de religiosis domibus, cap. 1.° de rebus ecclesiae alienan. lib. 6. de iure civili probant textus in l. iure successionis § si ius 8. ff. de iure dotium, l. licitur ff. familiae erciscundae, l. 1.° § sed et si quis quid 19. l. siquidem 10. ff. de rescindenda venditione, l. 2.° cod. de rescindenda venditione, l. 1.° cum pluribus alijs cod. de dolo, l. si circumscriptio, cod. de rescindenda venditione, l. si quidem 11. cod. de predijs minorum, de iure regio probant textus in l. 56. tit. 11. lib. 5. recopilationis, l. 4. tit. 1. lib. 5. ordinamenti, l. 56. tit. 5. partita 5. et exornant hanc nostram conclusionem preter antiquiores communiter ad predicta iura referentes Arias Pinelus in l. 2.° cod. de rescindenda venditione, Molina in emptione iuris, tit. de contrahenda emptione, quest. 8. cum seqq. Antonius Gomez tomo 2.° variarum cap. 3.° n. 22. Antonius Faber in rationali ad textum in l. si causa 17. § 2. ff. de minoribus, Donelus in d. l. 2.° cod. de rescindenda venditione, Covarruvias [illegible] lib. 2. variarum cap. 2. 3. et 4.° Facchineus lib. 2. controversiarum cap. 20. [illegible] lib. 21. cap. 13. littera M. Cujacius in l. 2.° cod. de rescindenda venditione, Dom. D. Ferdinandus Arias de Mesa lib. 3.° variarum cap. 14. n. 1.° et alij plures quos referunt et sequuntur Zenedo in collectaneis ad decretales collectanea 48. n. 1.° cum seqq. et Barbosa in collectaneis ad nostrum textum fere per totum —

Sed licet hec nra conclusio tot iuribus et authoritatibus firmata verissima sit, difficilis tamen redditur ex sequentibus obiectionibus. Prima exornascitur quia iure naturali in pretio licitum est contrahentibus sese adinvicem decipere l. in causa 19. § idem Pomponius ff. de minoribus, l. item pretio 22. § finali ff. locati, igitur in nro textu monasterium admittendebit ad rescisionem predicte venditionis cum talis deceptio permissa iure digna fuisset —

Secunda dificultas exornascitur quia res non valet plus quam vendi potest, l. [illegible] ff. ad Trebelianum, l. pretia 63. ad legem falcidiam cap. 1.° hoc nro titulo, ergo cum venditio predictorum prediorum fuisset celebrata iniuste in nro textu ab Inocentio tertio rescindi —

Tertia dificultas exornascitur quia quando venditio celebratur cuiuslibet rei [illegible] venditor presumitur sciens et prudens iusti pretij sed tunc remedium rescisionis locum non habet, ut probat textus in l. si quis quid cod. de rescindenda venditione, igitur monasterium in nro textu, specie non debuit rescisionem predicti contractus intentare —

Denique predicta nostra assertio valde dificilis redditur, quia quotiescumque aliqua causa deceptioni tribuitur remedium est inductum a Pretore de quo extat mentio in l. 1.° ff. ex quibus causis maiores ubi huius rei sola a Pretore cavetur sed quando deceptio

Cap. cum causa 12 de testibus et attestationibus —

ultra dimidiam adest magna lesio invenitur, ut de per se patet, ergo cum iam huic damno suc-
cursum satis fuisset non decet novo remedio idest rescisionis nostri textus utitur, quia i-
rum sit subsidiarium et non debeat habere locum nisi quando ordinarium cessat iusta text.
in l. 1. causa ff. de minoribus cum vulgatis =
His difficultatibus minime refragantibus, dicendum est verissimam esse nostri text. decisionem, videlicet
monasterium venditorem ultra dimidiam iusti pretij habere actionem ad hoc ut emptores suorum prediorum
aut recipiant pretium quod persolverant, aut si eum re permanere desiderant, reddant quantitatem
quae superest, cuius asertionis decisivam rationem ut proponamus, nonnulla animadvertenda
da sunt et primis iam ab origine repetentes animadvertimus olim contractum emptionis et vendi-
tionis usum non fuisse sed tamen permutationem apud gentes obsi[?] ita ut res pro re daretur
ut constat ex text. in l. 1. ff. de rerum permutatione, verum cum commercium esset valde impeditum
ex eo quod quam plurimas res pro re tradi non poterat, aut propter defectum voluntatis contrahen-
tium fuit emptionis et venditionis contractus quo pretio interveniente commercia expedi-
bat sic frequentarentur, ut statuitur in l. 1. ff. de contrahenda emptione, quorum tracta-
ra velit Hostat post alios Augustinus Morlanus [?] emporio iuris lib. 9. ff. de contrahenda
emptione repertorium. Hinc ergo eo ipso quod talis contractus incepit esse fraudis in-
duci ceperunt quibus, ut obviarent, legumlatores induxere remedia, quibus damnificati
succurreretur, lea enim omnia tanquam ab hinc aliena omittimus naturam et vim iam remedium
lesionis quando lesio est ultra dimidiam iusti pretij tanquam principaliter nostri textus contempla-
ta explicaturi = igitur hoc supposito statuimus valde dubium esse an hoc remedium et iuris con-
sultis et Pontificibus fuerit cognitum, quare triplex adest opinamentum primum est apud predi-
ctos omnes fuisse cognitum, et probari videtur ex l. 1. ff. ex quibus causis maiores et ex l. iure
iuris, aperte probatur, quod per deceptis succurrendum esse, absque distinctione, ergo iam huic dam-
no per consultos satis cautum erat. = Secundum opinamentum est eorum qui putant pre-
dictum nostrum remedium et Pontificibus et iuris consultis, incognitum fuisse, usque dum a Diocle-
tiano, et Maximiano ex humanitate nove fuit proditum in d. l. 2. cod. de rescindenda ven-
ditione, et a Pontificibus, indirecte Alexandro tertio in cap. cum dilecti, h. nostro titulo, Innocen-
tio tertio in nostro textu = Tertium iudicium est eorum qui existimant, hoc remedium cognitum fuisse apud
predictos legumlatores, non tamen precepisse, ut observaretur quasi dicamus, res pretio cogni-
tionis non esse novam, respectu vero modi, et formae restituendi rem, vel supplendi iustum pretium
novitatem continere, ut eleganter animadvertit Pinellus in l. 2. cod. de rescindenda vendi-
tione, prima parte, cap. 9. cuius opinioni et iudicio libenter acquiescimus propter funda-
menta ab eore lata quae libenter admittimus ut ad alia deveniamus =
Rursus animadvertimus dimidiam partem iusti pretij, ut predictum remedium competat ita consideran-
dam et computandam esse si res valet centum venditur que minus quinquaginta, tunc enim actio
competit, ut pretium restituatur, aut res tradatur. ut eleganter animadvertit Pine-
llus loco supra citato, Antonius Gomez tomo. 2. variarum resolutionum cap. 2. n. 9. cum
sequentibus, qui etiam existimant valoris stimationem considerandam esse iusta tempus legiti-
mae venditionis, et hoc apprime probatur ex nostro tex. et ex d. l. 2. et ex legibus regijs in-
latis quippe si tempus superveniens inspiceretur, locus fraudibus daretur, quod disper-
pertitandum est quapropter qui predicto remedio uti voluerit debet probare

Itaque infero primum interpretationem ad textum in cap. cum dilecti 3. de empt. et venditione ubi hec proponitur species Abbas, et monachi cuius dam monasterij emerunt quandam silvam a canonicis cuius dam ecclesiæ eorum capitulo ignorante pro decem libris cum valeret quadraginta marcas et ultra de hac re Pontifex alexander tertius ad petitionem predicti capituli causam predictam terminandam commisit episcopo, et decano remensi, hac clausula quod litteris que illius cognitioni interesse requiret, alter eodem negotio procedere non differret id est clausula illa quod si non omnes que regulariter agonis rescripti solet, de qua extat mentio in cap. prudentiam 21. et in cap. cum causa. 22. de officio et potest. iudicis delegati, quo facto predictus decanus illius causæ cognitione processit, et cum ei per testes constitisset quod predicti religiosi silvam minus dimidia iusti pretij comparasset, protulit sententiam pronunciavitque venditionem non tenere, et canonicos in eius possessionem induxit, a qua sententia appelatum fuit ad Romanum Pontificem qui utriusque partis auditis allegationibus sententiam prioris iudicis revocavit, et precepit monachis, emptoribus predictam silvam restitui et si predicta emptio celebrata fuisset minus dimidia iusti pretij ecce textum ibi, et si sententia fuisset prolata per iudicem in fraudem faborem venditoris tamen revocatur et emptores in possessione permanent, ergo ex eo est quod predicta emptio valida fuit etiam si in pretio non dimidio esset facta ergo non recte in nostro tex. statuitur quod venditionem rescindi posse, et lesum etc. vel damnum recupperare — A qua difficultate, ut liberemur distinctionem constituendum est inter eum casum quo agitur de validitate emptionis, et venditionis quantumvis in ea deceptio ultra dimidium iusti pretij adsit, et inter eum quo agitur de eo quod habet venditor et de obligatione qua emptor tenetur primo enim casu certum est valere venditionem, et hoc est quod ait textus, in d. cap. 3. in secundo vero cum est in eo de quo agitur in nostro tex. etiam certum est emptorem teneri rem restituere, et pretium suppere, vel prestare, quod deest unde cum in d. cap. 3. ageretur de validitate predicti contractus merito anulata fuit prior sententia que anulabat predictam venditionem, et hoc ratione procedere, insinuare videtur in posterioribus verbis. tex. in illa ... videlicet in arbitrio predictorum religiosorum erat vel ... ex predictis duobus facere predicta iura quasi in eadem docentia in amicitiam redigit Panormit. in d. cap. 3. ... verum quamvis predicta solutio et doctrina vera sit adhuc quedam difficultas remanet

videbatur enim prior decani sententia confirmanda quatenus predictam venditionem anullaverat, et hoc colligi videtur ex illis verbis ignorante capitulo, qua denotant canonicos vendidisse predictas silvas absque capituli consensu quod quidem fieri non posse iure divino canonicum est, ut probant tex. in cap. 2 cap. nulli q. de reb. ecclesiae alienandis vel non, cap. sine exceptione q. 2 12 quest. 2ª iuncti quae tradunt citati in cap. 1 ergo ob defectum predictae solemnitatis non debuit valere predicta venditio, et potius decani sententia confirmari, quam revocari. In qua difficultate glosa in § Hostiensis, et alij antiquiores existimaverunt ideo sententiam revocatam fuisse, quia canonicos non obtinuisse licet alegasent, formam non fuisse servatam in predicta venditione, non tamen probaverunt defectum predictum idest capituli ignorantiam sicque tanquam non probatam minime prodesse potuisse, hec tamen opinatio recte explodit quia contrarium aperte ex verbis eiusdem capitis colligitur quam propter ea, et aliis omissis, verbiter dicimus, quod licet rerum alienationem rei ecclesiae absque iuridica solemnitate invalidam esse tamen Pontifex non anullavit contractum venditionis sed infirmavit sententiam decani quia canonici coram ipso non alegarunt, nec dixere capituli consensum in venditione defecisse, unde cum sententia debeat esse libelo conformis, cap. licet et de simonia et final. cod. de fidei commissis libertatib. et iudex non debeat proferre nisi super quo agatur, petitur cap. cum dilectus, de ordine cognitionum merito decanus super hac re non protulit sicque dum in secunda instancia coram Pontifice predictus defectus solemnitatis fuit propositus virtute cuius ipse precepit, ut emptores posesionem venditam restituerent, et pretium acciperent, et si cum ipsi germarierent restituerent quod dat erat, iusto pretio, et valori, docet hanc solutionem Cujacius in recitat. ad d. cap. 3°. de empt. et vendit. =

Rursus ex eadem decidendi ratione inferendum predicationem ad textum in cap. constitutus, de religiosis domib. ex cuius tex. specie aperte colligitur episcopum recte posse ius quod predictis ecclesijs habebat, eidem monasterio remittere dum tamen annua pensio octo denariorum annualium illi daretur, et tamen in hoc casu damnificata erat dignitas episcopalis in dimidia iusti pretij ergo quando ecclesia ita lesa est non habet remedium restitutionis de quo in nostro tex, = [illegible] numero 35. 33 [illegible]

Ad cap. Lator. 2. de pignerib.

[illegible] respondemus hoc [illegible] Lex habet, ut homo liber [illegible] teneat, [illegible] qui [illegible] delicto addici. Ex quibus [illegible] aperte reperimus liberum hominem neutiquam pignorari posse, etsi deficiant res quae possint creditori cedi. Ex [illegible] hoc deprimimus [illegible] Homo liber pignorari [illegible], etsi nullae sint res [illegible] delicto addicantur [illegible] probat [illegible] tit. 21. 1. § [illegible] ff. [illegible] qui respiciunt obligari [illegible] l. inter stipulantes 83 § sacram de V. O. [illegible] homo liber [illegible] ff. [illegible] l. sol. [illegible] l. pacta [illegible] § [illegible] de [illegible] empt. [illegible] de O. et Actionibus [illegible] C. quae res pignori, authent. [illegible] § [illegible] collat. 9. § idem [illegible] inst. de inutilibus stipulationibus [illegible] Regiam [illegible] 3. [illegible] ultra ordinarias [illegible] Abbas [illegible] Jason [illegible] Bartolus, Salicetus et Fulgosius, et ceteri [illegible] civilis antiqui interpretes [illegible] l. inter stipulantes § sacram de V. O. [illegible] membro 3. n. 50, Medices [illegible] C. quae res pignori n. 25. et 26. Menochius lib. [illegible] centuria 2. casu [illegible] 3. [illegible] variarum [illegible] Commentar. [illegible] Lud[illegible] Hermannus, et Richardus, et reliqui glossographi in § idem [illegible] inst. de inutil. [illegible] Cujacius in recitationibus [illegible] cum sequentibus [illegible] empt. cum pluribus [illegible] ab [illegible] ad [illegible] lib. 27. [illegible] 3. [illegible] et alii plures [illegible], ne plurimos [illegible] ===

Dubitandi ratio [illegible], nam homo liber carcerari potest [illegible] aliquod debitum excruciari, [illegible] ex cap. [illegible] D. [illegible] Ambrosius inter [illegible] charitatis [illegible], si fortasse quis [illegible] fuerit in carcere detrusus, [illegible] delicti aliquod excruciatus [illegible] liberi [illegible] aperte liberum hominem [illegible] carceri [illegible] et pro pignore retineri poterit, cum [illegible] carcere [illegible] si homini [illegible] detur [illegible] tur [illegible] excruciare [illegible] ubi cum aliquis [illegible] pecuniaria [illegible], [illegible] habeat et solvat, in corpore puniatur [illegible] liber homo pignorari potest, [illegible] deficiant bona, [illegible] liber remanebit, immo [illegible] corporales sustinebit. ===

Qua dubitandi ratione non obstante verissima [illegible] nostri decisio [illegible] hominem liberum pignorari [illegible] res [illegible] debitor [illegible] aperte [illegible] reperimus oportet. [illegible] Lege duodecim tabularum et audacia hominum [illegible] delictis [illegible] Capitis [illegible] Valente [illegible] creditore [illegible] adjudicabatur [illegible] vendiderat [illegible] creditori [illegible] [illegible] Dies habeto [illegible] [illegible] [illegible] Gellius lib. 20 [illegible] Baldus [illegible] empt. [illegible] Aulus Gellius [illegible] Lege duodecim tabularum [illegible] anno ab urbe condita [illegible] [illegible] Imperatorum Diocletiani et Maximiani [illegible] [illegible] Libera [illegible] [illegible] homo liber [illegible] [illegible]

[illegible] Valentis [illegible] dum tamen [illegible] [illegible] Consulti [illegible] [illegible] directa [illegible] competit [illegible]

Et hoc ut rem pignoratam creditor restituat una cum fructibus et damnis dolo et culpa creditoris commissis ratio est nam cum pignus utriusque gratia contrahatur et creditoris et debitoris ut ei magis peccunia credatur et creditoribus ut securius solveant debiti ideo dolum et lata et levis culpa prestetur, non vero de levissima tenetur, neque adeasi fortuitu adstringitur [illegible] credita gesta quibus modis recontrahatur obligatio lege contractus 23 ff. de regulis iuris licet [illegible] actio directa debitori [illegible] domino competat lege debitor et pigneratitia actio contraria vero creditori concedatur adversus debitorem ut recuperet illud quod circa pignoratum necessario utiliter impenderit variosque casus quibus pigneratitia contraria creditori competat adversus debitorem retullit [illegible] ubi supra numero 3 qui etiam docent inquo pigneratitia ab hipotecaria differat actione.

His itaque positis apparet enim decidendi ratio ad nostrum textum nam cum constituto pignori nequam consistere posset nisi in rebus domino sint subiecte [illegible] lege 1 quae res pignori [illegible] unde evenit quod cum liber homo non sit in commercio nec in bonis nostris [illegible] inter stipulantem § sacram ff. de V. O. ideo nec pignus consistere potest [illegible] [illegible] assignavit [illegible] in presenti numero 20. [illegible] incongruum nulli [illegible] ecclesie numero 2 [illegible] accedit [illegible] ratione hominis ad similitudinem Dei esse creatum [illegible] omnia [illegible] [illegible] nam esset hominem rebus equiparari. Neque obstat dubitandi ratio superius adducta ex capitulo [illegible] 86 distinctione nam etsi ibi asseratur carceri emancipari debitores esse non inde sequitur pignorari posse sicuti neque in creditoris securitatem constitui potest [illegible] [illegible] alienum C. de oblig. et act. neque oppugnat [illegible] asserere inter operis bona connumerari eximere in carcere [illegible] [illegible] legum [illegible] [illegible] autem est qui debet et non solvit sed carcerari est [illegible] iuri.

— Neque obstat argumentum dubitationis ex capitulo sicut 14 [illegible] discrimen est constituendum inter casum quo quis aliquid ex contractu debet et inter eum quo ex delicto neque primo casu puniri debet [illegible] cedat bonis lege 1 C. qui bonis cedere possunt [illegible] puniri [illegible] et pena infligitur cum reipublice expediat delicta impunita non manere lege ita vulneratus ff. ad legem Aquiliam quo casu loquitur [illegible] capitulo sicut 14 § 6.

Non me latet plura de legantia iuris Cesarei responsa ex hac decidendi ratione lucem accipere verum quia non est institutum Pontificum ac Patrum dicta explanare ideo omnia iura [illegible] ex iure canonico provenientia omitto ergo imprimis [illegible] lege liberis et in lege si usumfructum ff. de liberali causa [illegible] in lege [illegible] ff. si ex [illegible] causa agatur de quibus Curat. [illegible] observatione 3 capitulo 87 [illegible] etiam in lege [illegible] 20 § potestatis ff. qui testamentum facere possunt lege senatus § 1 [illegible] ff. de leg. 1 [illegible] C. de captivis et postliminio [illegible] etiam in lege 1 [illegible] C. qui bonis cedere possunt et [illegible] in lege 4 et in lege liberi 70 ff. de contrahenda emptione de quibus videndus idem Curat. et [illegible] in rationali ad d. lege 5.

Atque accedens inprimis [illegible] ad difficile [illegible] [illegible] [illegible] relatum in capitulo ex rescripto quod de iure iurando ubi talis proponitur species quidam abbas cum gereret nomine a [illegible] peccuniam quantitatem adepisci monasterii [illegible] eandem petit aquodam extraneo mutuo eam accepit [illegible] ut securus [illegible] remaneret conventum fuit ut certo tempore [illegible] credita peccunia [illegible] pro cuius securitate eiusdem monasterii monachos in obsidium [illegible] qui iuraverunt de tali conventione servanda [illegible] ipse met abbas quemdam nobilem pariter qui ipsius uxorem [illegible] [illegible] [illegible] [illegible] [illegible] fuerint monachi creditor absque peccunia credita remaneret. [illegible] iuraverunt omnes defecerunt [illegible] adimplenda conventione quesitum fuit an omnes isti obstringantur [illegible] [illegible] et respondet [illegible] mandandum ut secundum iuraverunt eandem conventionem faciant adimpleri.

Ex quibus iam patet Episcopi proponenda venit ratio qua Abbatem [illegible] assignari [illegible] [illegible] dicunt qualis est Abbas, et Tummularum recenti [illegible] ideo Episcopi de bonis intuitu ecclesiae acquisitis testari non posse quoniam Episcopi praedictis renuntiavit bonis hac ergo ratione defendi non potest cum ex illis [illegible] [illegible] renuntiatio excogitari talis renuntiatio colligi posset plures alias [illegible] resultat. ipse [illegible] et Covarr. in [illegible] omnibus omissis [illegible] praesumptionis vera ratio illa est quae Lege posita [illegible] [illegible] dat ut probant [illegible] cum [illegible] 7° [illegible] antiquis Canonibus [illegible] citatis 12. cap. ad haec cap. [illegible] nos hoc [illegible] ex quibus [illegible] probatur hoc autem [illegible] [illegible] [illegible] ratio [illegible] Pontifices movere potuit ad hanc prohibitionem [illegible] [illegible] [illegible] [illegible] cum [illegible] [illegible] scit quod cum [illegible] Charitatis prima hoc illis teneamur [illegible] a quibus beneficium agnoscimus accepisse et episcopi ac clerici [illegible] ecclesiae [illegible] beneficia [illegible] unde de bonis intuitu ecclesiae adquisitis disponere [illegible] ut [illegible] voluntate [illegible] quam [illegible] ecclesias suas illis prohibetur. — Neque obstat dubitandi ratio scilicet Episcopos dominos esse fructuum ecclesiasticorum et [illegible] de illis libere disponere non posse cum praedictae adsint causae hoc ergo [illegible] nec inconveniens [illegible] cum idem [illegible] in [illegible] aliis dominis qui ob alias rationes [illegible] disponere prohibentur. Ut puta fideicommissarii [illegible] possessores, et ceteri alii qui omnes veri domini sunt [illegible] non ideo 63 ff. de [illegible] [illegible] arboribus 12 [illegible] ff. de [illegible] [illegible] ex [illegible] de bonis maternis et plures alii citati a [illegible] [illegible] [illegible] testari non possunt [illegible] deducta § 8 [illegible] ad [illegible] quod [illegible] [illegible] et ipsi domini rerum suarum sint tamen libere testari prohibentur [illegible] 30 ff. de [illegible] et posthumis [illegible] etiam [illegible] [illegible] providet qui [illegible] bonorum adventitiorum dominus [illegible] cum [illegible] de bonis quae liberis [illegible] [illegible] testari non possunt [illegible] [illegible] facere [illegible] [illegible] quibus non est permissum facere [illegible] adeo ut etsi a Principe [illegible] donatio [illegible] omnium non possit testari ut docet [illegible] [illegible] de bonis maternis [illegible] contrarium dicat [illegible] [illegible] [illegible] verbo [illegible] numero 106. — Unde etsi dicamus Episcopos proventuum ecclesiasticorum dominos esse non recte dicimus [illegible] testari possunt [illegible] [illegible] et [illegible] ff. [illegible] fundo dotali, neque [illegible] [illegible] [illegible] testari non potest ergo [illegible] dominus [illegible] [illegible] omnia [illegible] [illegible] Covarr. et Barbosa locis supra citatis.

Ipsis pro constanti [illegible] iure communi [illegible] Episcopum neque clericos de bonis intuitu ecclesiae adquisitis testari posse etsi controversum esset [illegible] [illegible] locum haberet. Sed hodie diversum [illegible] circa clericos ac Episcopos observatur [illegible] Consuetudine [illegible] clerici de bonis intuitu ecclesiae adquisitis [illegible] [illegible] [illegible] [illegible] quam consuetudinem probatam esse ex [illegible] 13 [illegible] 5 [illegible] [illegible] certum est quam consuetudinem [illegible] [illegible] reprobant eam admittunt Covarr. et Barbosa locis citatis pro qua [illegible] plura [illegible] affert [illegible] Covarr. [illegible] [illegible] hoc [illegible] quod non solum in foro exteriori [illegible] in interiori procedit dummodo praedicta bona superflua ac bene non dispensent tunc enim peccatum committunt [illegible] doctrinam Navarri [illegible] supra quae consuetudo etsi in clericis [illegible] [illegible] tamen [illegible] locum habet. Itaque Episcopi [illegible] de bonis intuitu ecclesiae quaesitis [illegible] [illegible] Pontificis [illegible] indigent quae si simpliciter concedatur quoad [illegible] [illegible] extenditur [illegible] quoad [illegible] [illegible] conceditur in foro exteriori talis [illegible] in foro [illegible] conscientiae si nulla iusta causa adsit securi non remanebunt Episcopi [illegible] Navarri et Covarr. [illegible] — Unde a Paulo 3° Iulio 3° Paulo 4° [illegible] et 5° et Greg.° 13 constitutum fuit ut bona intuitu ecclesiae adquisita [illegible] Episcopi [illegible] Camarae [illegible] [illegible] [illegible] [illegible] docet Navarr. Ex quibus infero inprimis interpretat. ad textum in cap. nulli 1°. 12 q. 3a. Ubi proponitur species quidam Episcopus Constantius nomine condidit testam. et Luminoso alijs fratribus seu Legata reliquit ex illis reb. quas post adeptam Episcopatus dignitatem acquisierat Lucidus Episcopus predicti Constantij successor conquestus est. [illegible] asserens talia legata nullatenus Valle-re posse. tanquam de reb. intuitu ecclesiae acquisitis talia. respondit Pontifex nullum intuitum fuisse Luminoso heredi debere. igitur Episcopi [illegible] rebus acquisitis intuitu ecclesiae testam. Condere q. difficilis redditur nam nostri textus auctor fuit Gregorius 1us. et hic ipsemet in presenti contrarium statuit. Cuius difficultatis diluendae causa etsi Varia dixerint interpretes tamen [illegible] ad alia transeamus. Breviter dicimus bona ab Episcopo Legata etc. in presenti relicta ideo penes Legatarios remanere quoniam ipsa possidebat. simulque certum [illegible] talia bona ante episcopatum acquisivisse. Ut aperte colligitur ex [illegible] illius contextura quae habetur apud divum Greg. lib. 10. epist. 41. extat 2° tomo Concil. pagina 229. ita Comm. in presenti n°. 10.

Secundo infero interpretat. ad Concilium Africanum relatum in cap. Si episcopus 3°. de hereticis. Ubi statutum est. episcopum non posse neque extraneos nec consanguineos hereticos heredes instituere si heretici sint adeo. Ut si contra faciat anathematis mucrone feriantur post mortem ipsius Episcopi. si non instituant hereticos consanguineos aut extraneos. Pro immo potius fideles testat. [illegible] cum Concilium nos doceat hoc anti hereticos solum observari. Pro dicendum est. Ut satis faciamus huic [illegible] difficultati in presenti Concilium locutum fuisse de bonis patrimonialibus [illegible] Episcopi in quibus etsi ipsi disponere possent. Ut constat ex [illegible] de similibus adductis in confirmat. tamen cum heretici fuissent heredes instituti q. semper [illegible] vitandi sunt. merito talis institutio non valet. Nec oppugnat hic solutio ex illa vulgari et notissima consideratione. scilicet crimina morte extingui. nec q. post mortem testam. vallere. Ut ponitur ex lege fin. ff. [illegible] delictis cum vulgatis nam sic in crimine heresis speciale est. aliqua sunt in iure crimina quae ob eorum gravitatem morte non extinguuntur Ut constat ex cap. quisquis C. ad legem Juliam maiestatis. mirum videre debet. illud q. in presenti refertur. scilicet excommunicare posse post mortem. Cum in mortuum ecclesia potestatem non habeat. Pro dicendum est. illa verba fulminetis ei anathema dicatur. intelligenda esse ita id est. declaretur. sententiam anathematis in excommunicat. incurrisse ita Azor tomo 2. instit. moralium lib. 3° cap. 27 q. 2a. Comm. in cap. a nobis Mater. [illegible] 11. n° 8 quarto privat. intelligendum est textus in cap. heretici 6°. eodem tit. de hereticis. Pro hec solutio evenire videtur ex cap. episcopus 34 q. 12 q. 2a. Ubi in Concilio Agathensi fuit preceptum. Ut Episcopus qui non habet filios, aut nepotes non posse instituere alium quam ecclesiam [illegible] aliud q. dicimus. scilicet episcopum posse extraneos non hereticos instituere defendi non valet Pro dicendum est. hunc textum non de necessitate sed potius de consilio intelligendum esse cum Episcopus cum bona sunt patrimonialia posset quos Vellet heredes instituere [illegible] ecclesiam nepotibus et filijs et fratribus [illegible] ita Comm. in presenti n°. 8.

Ad cap. Tua nobis. 17. de testamentis.

Schedas 40.

Gregorius 9. in cap. tua nos 17. de testamentis Nemosiensi Episcopo rescribens explicatur. In eo sequens proponitur species, quidam cum in ultimis essent constituti testamento relicere ut bona sua quaecunque alia quae relinquere, ut in piis causis expenderentur, ad quod adimplendum deputarunt non nullos religiosos, clericos seculares, nec non etiam laicos, praedicti isti executores cum deberent secundum testantium voluntatem in piis causis praedicta bona erogare aliaque similia facere, secundum voluntatem eorundem, curarent. De hoc facto cultus Pontifex Greg. respondit praecipiens praedicto episcopo ut praedictos executores compellat ad exequendas iam voluntates eo modo quo testatores praeceperant, virtute cuius praecepti praedictus episcopus id fecit prius monitione interveniente.

Ex qua facti specie doctrina quae communiter ex nostro textu deduci solet, sic se habet. Episcopus potest compellere executores testamentarios ad hoc ut bona fideliter et plenarie expendant in usus pios, secundum voluntatem testatoris, quamvis hoc episcopo testator prohibuerit. Probatur haec doctrina ex textu in cap. nos quidem 3. cap. si haeredes 6. cap. Joannes 17 hoc nostro titulo de testamentis cap. licet: infine de sepulturis, cap. in litteris 5. de raptoribus, cap. 2. de testamentis libro 6. Verum licet haec doctrina his auctoritatibus confirmata, sit verissima tamen difficilis redditur ex sequentibus. 1. quidem [illegible] (~~statuit episcopus [illegible]~~) nam videtur episcopus numquam posse compellere executores testamentarios ad hoc ut adimpleant testantium voluntates hoc ita probo quia aut testamentarii sunt laici, aut sunt ~~[illegible]~~ religiosi, vel clerici seculares in quibus omnibus sequitur impedimentum. Adest namque quia laicos non habet potestatem episcopus cum christiana respublica, maxime [illegible] nostramus, ut [illegible] sit christianorum generis ita ut spiritualis potestas penes ecclesiasticos, temporalis vero penes seculares remaneat cap. duo sunt 96 distinctione cap. solite de maioritate et obedientia junctis quae tradunt Petrus Gregorius libro 45 Syntagmatis cap. 4 per totum Barbosa de potestate episcopi allegatione 1. n. 1. cum pluribus sequentibus. Igitur cum nullam habeant potestatem in laicos non recte in nostro textu statuitur id episcopo concedi. Quod autem religiosi et clerici seculares ad id non compellantur patet ex textu in cap. 1. ne clerici vel monachi et ex cap. 2. de testamentis hoc nostro libro 6. ubi proponitur religiosos clericosque seculares incapaces omnino esse ad exercendum executoris testamentarii munus quod non recte illis hoc in nostro textu conceditur et ad illud adimplendum cogi debere statuitur. Denique quatenus potestas praedicta episcopo conceditur etiam eo casu quo testatores prohibuerint ne quid tale faciant urget et contrarium persuadere videtur testantium voluntas quae omnino est adimplenda L. 4. C. de [illegible] mandantis cum cap. cum Marthae [illegible] de celebratione missarum cap. ultima voluntas 13 q. 2 cum vulgatis igitur cum [illegible] ponat ac suis rebus potuerit praecipere ne episcopus compellat testamentarios eo casu quo voluntatem suam non adimpleverint, videtur namque [illegible] renunciare.

His difficultatibus non obstantibus. Assumpta est nostri textus decisio verissima [illegible] cuius [illegible] decisionis ut [illegible] nonnulla animadvertenda veniunt, et in primis secundum est potestatem et jurisdictionem compellendi testamentarios ad hoc ut adimpleant testantium voluntates non tantum competere episcopo in ecclesia capitulo sede vacante [illegible] quia cum executio testamentorum actus sit jurisdictionis [illegible] in [illegible] [illegible] L. 4. ff. de [illegible] et [illegible] capitulum ecclesiae sede vacante succedat episcopo in illis quae sunt jurisdictionis cap. cum olim 14 de maioritate et obedientia cap. 1. ne sede vacante aliquid innovetur junctis quae tradunt Petrus Gregorius libro 17 Syntagmatis cap. 13. Thomas Sanchez libro 8. de Matrimonio disput. 2. n. 10. qui adsentiunt hoc idem concedi et permitti abbatibus qui habent quasi episcopalem jurisdictionem. Hoc namque in favorem ipsorum testantium introductum est, alias namque si vacaret ecclesia iniquum esset, ut pro tunc adimplementum voluntatis testantium non [illegible] [illegible] esset ut animadvertit Barb. allegatione 82. n. 30 cum sequentibus.

Rursus secundum est eum qui testatoris voluntatem non adimpleverit puniri per episcopum sic [illegible] in eo quod amittat fructus [illegible] omnia emolumenta quae alias sibi obvenire debebant ex praedicta haereditate aequum namque est ut ille qui recusat [illegible] aliquid [illegible] quod poena licet inspecto antiquo obviatur procedat tamen in extraneis quae in suis haeredibus ex [illegible] in l. ultimis C. de fideicommissis et ibi. Verba nostri textus hæc sunt: nullus Episcopus alterius Parochianum Iudicare præsumat et infra, nam qui eum ordinare non potuit nec Iudicare potest. Ex quibus Verbis aperte colligitur Episcopo ad quos spectat suorum Subditorum causarum cognitio. Cap. 1. cum Vulgatis de officio ordinarii non posse eos qui Iurisdictioni suæ non sunt ordinare, nec quolibet alio modo Iudicare, quia vero ut perfecte explicatur sequens Generalis constituenda est assertio, Episcopi Parochianum alterius sine ipsius licentia ordinare non possunt nec quo libet alio modo aliter Iudicare, probatur hæc assertio textu in cap. fin. hoc nostro titulo cap. quod translatis 11 de temporibus ordinationum cap. eos qui 2, 3, et 4 eodem titulo libro 6. Cap. 1. cap. 2. cap. nullus primas 9 q. 2 cap. si quis autem 71 Dist. cap. fin. de Clericis peregrinis cap. 1. cap. fin. de foro competenti exornant et illustrant antiquiores ad nostrum textum et præter eos Thomas Sanchez libro 7 Moralium cap. 1. Dubio 20 per totum. Sotus de Iustitia et iure libro 5. quæst. 4 Art. 1. Suarez de censuris Disp. 31 sect. 4 n. 13 cum sequentibus. Salcedo in praxi Canonica cap. 26. aliique plures quos refert et sequitur Barbosa in Collect. ad nostrum textum.

Verum nostra Conclusio sequentem patitur dubitandi rationem, nam Episcopi recte possunt cognoscere de causis illorum qui subditi sui non sunt, dummodo aut delictum committant aut contractum celebrent in loco iurisdictionis suæ subiecto, ut probatur ex cap. fin. de foro competenti ubi proponitur quod Episcopi subditum alterius ratione delicti vel ratione contractus [illegible] recte possunt et absolute in nostro textu episcopum tantum posse suorum Subditorum causas Iudicare. — Rursus quatenus dicitur non posse Episcopum ordinare eum qui subditus proprius non est, urget sequens consideratio, nam quando Episcopus qui vere minister sacramenti ordinis est aliquem ordinat, [illegible] sit capax ordinatus remanet propterea quod in tali ordinatione imprimitur character et adest verum et perfectum sacramentum. Cap. 1. de ordinatis ab eo qui renunciavit episcopatui igitur cum recte ordinatus maneat non est ratio cur denegetur Episcopo tale exercitium præsertim cum ex iure Divino et ex dispositione Evangelica proprius minister episcopus sit ex Concilio Trid. sess. 23 can. 4 et 7.

Adeo verum est Episcopum non posse ordinare eos qui sui subditi non sunt ut si de facto eos ordinaverint suspensi ita ut conferens et recipiens suspensi manebunt, alter a collatione eorundem ordinum, alter vero ab executione, donec proprio episcopo visum fuerit ut statuitur in cap. eos qui de temporibus ordinatis libro 6. et in Concilio Trid. sess. 6 cap. 5 quæ authoritas non generaliter sed tantum in ordinibus collatis intelligi debet. Cessavit prædicta pœna casu quo episcopi adfuerit ignorantia invincibilis et etiam quando proprius episcopus licentiam præstiterit quæ constare debebit per instrumentum publicum aut per literas dimissorias quas Episcopi ad id dedere solent in quibus causam ob quam ordines conferre non potest suo subdito proponere debet, veluti quod infirmus est aut alia legitima causa impeditus. Alias autem eadem licentia deficiente suspensus remanebit, adeo ut si quis ita primam tonsuram acceperit et virtute talis ordinationis obtinere velit beneficium non poterit, parva enim sunt non habere tonsuram et habere inutilem quapropter, si beneficium impetret a Romano Pontifice non exprimendo se promotum esse ab alieno Episcopo, erit subreptitia impetratio ex eaque tradit Thomas Sanchez ubi supra.

Descendit hinc ratio cur in nostro textu statuatur Episcopum non posse ordinare non subditos quod ideo provenire certum est quoniam ex quo fuerunt instituti Episcopi singulis prælatis terminus fuit præscriptus ad hoc ut melius oves suas custodiant earumque rationem Domino reddant cap. 1. 13. q. 1. aliasque nasceretur magna animarum controversia si Iudex unius Iurisdictionis alterius usurparet eos qui non sunt subditi ordinarent ex textu irrefragabili in cap. de officio Iudicis ordinarii et hæc est ratio cur unicuique civitati designatus est episcopus hic enim proprius Iudicaturus [illegible] obtinent sedem Episcopalem in Diœcesi de qua promovendus est, oriundus seu in qua beneficium ecclesiasticum habet seu ubi domicilium obtinet, licet alibi fuerit natus, ut tradit Barbosa de potestate episcopi, allegatione [illegible] per totam. Et si quis in una Diœcesi esset natus, ubi alia habitaret, et in alia haberet beneficium poterit a quolibet ex tribus his episcopis ordines petere aut dimissorias petere si tamen elegisset unum et ab eo aliquem ordinem suscepisset non poterit variare et assumere ordines ab alio nisi episcopus qui primus illum ordinavit Iudicasset certam causam ordinatis et remitteret ordinandum ad alium ex dictis Episcopis ut tradit Barbosa ubi supra.

Ex his omnibus in primis interpretandus venit authoritas Urbani 2. relata in cap. Lugdunensis fin. q. 1. ubi proponitur archiepiscopum Lugdunensem quærere ab Urbano utrum posset in suis ordinibus tolerare

Nº 1

Ut hunc nostrum tractatum de voto perfecte et ut nostrum est dilucide concludamus, superest nobis offert in hoc ultimo capite votorum commutatio. itaque in primis animadvertimus rigore iuris attento exceptis votis reservatis caetera omnia vota quae vovens recte commutari posse in id, quod evidenter melius est, et Deo gratius absque eo quod alicuius Superioris authoritas interveniat, itaque ob talem commutationem propria authoritate factam vovens transgressor voti non dicitur, nec mortaliter peccat, ut probatur ex textu in cap. Scripturae 4. de voto, et voti redemptione, et ex textu in cap. pervenit 3. de iureiurando, non enim propositum, aut promissum infringit qui in melius illud commutat, ita docet D. Thomas 2ª 2ª q. 88 ar. 12 ubi Caietanus, Soto lib. 7. de iustitia et iure q. 4 ar. 3. Navarrus dicto cap. 12. nº 8. Coll. in cap. quamvis pactum de pactis in 6º. §. 3. nº 4. Thomas Sanchez lib. 4. in decalogum cap. 45. a nº 36 usque ad 52. ubi explicat dictum caput Scripturae de voto, Suarez tomo 2º de religione lib. 6. de voto c. 18. Azor 1. p. instit. moralium lib. 11. cap. 18. q. 5. quae doctrina eo quod licet ut diximus attento iure rigore verissima sit, melius tamen erit nobis, et in talibus casibus viros Superiores consulatur; horum consulendum et in conscientiae foro securius esse testantur Cardinalis Tursca... Bueno, et Albornoz, ... in dicto cap. Scripturae 4. nº 2. et 3. de voto, et si res in quam commutatur votum evidenter sit melior, si in voto fiat dubium, quam constat non esse evidenter meliorem, vovens non poterit propria authoritate sine consilio, et authoritate Superioris, quia sine causa legitima votum commutare, et commutatio facienda in rem aeque bonam, usque cognitio in dubio ad Superiorem expectat an liceat commutare votum in aliud Deo acceptius, ut constat ex textu in cap. 1. de voto et responsemus, quod ab illius qui praeest pendet arbitrio, ut considerat diligenter qualitatem personae et causam commutationis, tradit Belarminus lib. 2. de monachis cap. 44. cum multis allegatis, ubi praedictum caput explicat. Idemque observandum in casu, quo dubitatur esset evidenter melius sit, sed dubitetur an res in quam commutatur sit melior, et Deo gratior, tunc enim namque non sine Superioris authoritate, et legitima causa non potest commutatio fieri probatur ex dicto cap. 1. et citati authores cumulat, quod tamen eque definiunt asserentes in casu sequenti hoc, quod solam commutationem licitam esse commutationem absque eo quod Superioris interveniat authoritas, velut si quis promisit frumentum, et illud solvit aequivalens respectu temporis, iuris causa, et omnium circumstantiarum quae occurrere possint; tunc enim nulla iniuria accipienti fit, sicque talia praestans a tali vinculo exemptus erit ex dispositione tam canonici quam civilis iuris. =

Nº 2

Licet quod ex dictis constet commutationem votorum propria authoritate factam quae res evidenter melior est, licitam esse, tamen hoc animadvertimus observandum tantum esse in votis, quae reservata non sunt, in reservatis namque, qualia sunt, quae in superiori cap. prosequimur, nisi Papae authoritas interveniat talis commutatio nulla est; sed qualitercumque fiat talis commutatio; dubium adversus plures disputationes, vovens ita liberat a priori voto, ac si tale votum non emisisset, non adimplendo illud posterius in quo prius res commutata fuit, esse quod promisit adimplesse videtur. Vel dubium oritur an si quis votum castitatis emittat, et petat commutationem a Romano Pontifice, et Romanus Pontifex praedictum votum castitatis commutavit in ... menstruam, et ipsa non impleverit praedictam commutationem; si multis transactis mensibus absque confessione remaneat, teneatur illud votum castitatis, quod antea emiserat adimplere, perinde ac si talis commutatio facta non foret, ut hic casus dubius intelligatur quo ad materiam hominis, quamvis multiplex sit, exprimendum est. Prima sententia est, quae docet vovens obstrictus esse illud prius votum castitatis observare casu, quo culpa sua non adimplevit votum, vel si non habuit animum adimplendi tempore quo commutatum fuit, quae ... ratione fundamentum nititur; nam vinculum prioris voti non omnino extinctum fuit, sed in aliud magis translatum, hicque translatio fit instar contractus conditionalis, facio ut ... facias, qui ... commutat unum in aliam sub tacita conditione, si executioni mandet, ... prior ... sufficiet; et hanc opinionem sequuntur Soto d. lib. 7. de iustitia et iure q. 2. ar. 5. ... relati a Thoma Sanchez lib. 8. de matrimonio disp. 9. nº 21. = ... votum castitatis ... non adimplens ...

ex sequenti ratione fulcitur; nam per commutationem votum eo modo extinguitur circa priorem materiam, adeo ut praedicta obli-

facto, acquiri ius patronatus. Cui difficultati facillime respondendum est, ideo ibi ius
patronatus ipsis denegari quia ipsi expresse renuntiarunt, (ut) certissimum eius est in iure, quem-
quemque proprio iuri posse renuntiare l. si quis in conscribendo C. de pactis, ideo mirum non est
stringenti specie denegatur eis ius patronatus antea acquisitum ex fundatione et constructione ipsius eccle-
siae. Cui solutioni accedit illa ratio quia ibi agitur de libertate ecclesiae a iugo patronorum (et)
facilius debeat esse ad liberandum quam ad ligandum, ut constat ex l. Arrianus ff. de oblig.
et actionibus, ita docet Lambertinus de iure patronatus de lib. 1° q. 2ª — Illud tamen incipio
met [illegible] difficilimum videtur, scilicet iudicis secularis cui cognitio causae commissa fuit cum
ius patronatus sit spiritualibus adnexum, sed omissis plurimis solutionibus, illa vera
atque germana mihi videtur esse solutio, quae docet iudicem de quo ibi ex delegatione Summi Pontificis
potestatem habere cognoscendi de causa iuris patronatus, mirum non est in iure, ut summus Pontifex
sui iuris dicti ecclesiastico iudici concedat, nec sine ratione, ne cognitionis suae causae, non tanquam
iudex ecclesiasticus exercet, sed tanquam delegatus Summi Pontificis, ita docet Curtius in d. cap.

Alex. si inter virum et mulierem legitimus consensus interveniat de presenti, ita quod unus alterum consensu mutuo verbis consuetis expresso recipiat, utroque dicente ego te in meam accipio et ego te accipio in meum vel alia verba consensum exprimentia de presenti sive sit juramentum interpositum sive non, non licet alteri ad alia vota transire: quod si fecerit, secundum matrimonium de facto contractum etiam si sit carnalis copula subsecuta separari debet et primum in sua firmitate manere. Verum si inter ipsos accessit taliter modo promissio de futuro. utroque dicente: ego te recipiam in meam et ego te in meum sive verba similia si alius mulierem illam per verba de presenti desponsaverit, etiam si inter ipsam et primum juramentum intervenerit (sicut diximus) de futuro, huiusmodi desponsationis intuitu secundum matrimonium non poterit separari, sed eis est de violatione fidei penitentia iniungenda. hactenus Alex. cuius verba

Vel ex tit. 2 novelle Just. tit. 23 habent formaliter [illegible] huius textus vel cum non sit Pontificia nec conciliorum decisio nec ex dicto et authoritate aliorum Sanctorum desumpta, de huius textus auctoritate potest dubitari quoniam leges Caesarum non decreta [illegible] relate hunc canonis sunt et habent cum in ipsomet canone ad aliquos textus vel concilio incorporatur sicut ut tradit Medices de legibus et ... pe q. 3 n. 19. Id enim potest sic intelligi quod decimus noveris esse, si non procedere gg. loquitur quod mulierem in domum suam traduxit et juravit se pro legitima uxore habiturum et cum ea longo tempore habitavit ut ex dicto auto ... illo duxit in domum et illo jurantis habiturus eam legitimam uxorem et paulo inferius habentes tempore multo gg. omnibus concurrentibus censetur inter eos matrimonium contractum de presenti cum per traductionem in domum quam sponsalia precesserint matrimonium praesumatur facti praesumatur cap. ex parte de restitutione spoliat. cum hic [illegible] per quod de donat. inter virum et uxorem cum fuerit quod de C. et D. mulierem cum alijs quod de ritu nuptiarum ex longa viri et mulieris cohabitatione ut post gg. in cap. 30 q. 5 tradit Inranus in dicto cap. ex parte.

Praeterea expendi potest difficile et obscurum textum dicti decretum quod habetur in cap. veniens 2 de eo qui cognovit, ubi iuvenis cum quadam puella per verba de futuro sponsalia contraxit et matrem ipsius carnalis commixtione cognovit et cum intellexeret ut matrimonium cum sponsa consumaret noluit facere donec factum episcopo proponeret. episcopus textus consuluit et ipse respondit quod si matrem sponsae suae cognovit et sponsam nunquam carnaliter adesset, imponenda est ei poenitentia paulo maior quam pro adulterio qua peracta parte ipsius ex dispensatione episcopi poterit cum alia matrimonium contrahere. ceterum si sponsam cognovit antequam matrem vel post nunquam eam vel aliam poterit accipere in uxorem. quo loci problema expendit verba illo si sponsam cognovit antequam matrem nunquam eam vel aliam accipere potest in uxorem, quae verba plane demonstrare videntur sponsalia per verba futuri expermenta [illegible] contracta in matrimonium non transire per subsecutam copulam, et nec in [illegible] matrimonium transire posse quod sic probo nam illo est quod sponsam de futuro cognovit propter affinitatem supervenientem ex copula cum eius matre habita prohibetur eam et aliam ducere, et sponsalia illa per copulam matrimonium effecta non alias non solvuntur propter affinitatem sed poenitentia pro commisso, maritus iniuncta repetenti exigere sponsae cohabitare teneretur ut scriptum est in cap. Jordanus et eodem tit. de eo qui cognovit. etc.

quia illo verbo eam huius textus difficultate cuiusque duplici modo legendus est, putant verba alterum huius textus. 1° ut verbum illud eam referat ad matrem et ad eam relatum cum sensus tradere, quod iuvenis qui puellam quam sibi desponsavit cognovit, priusquam matrem, nunquam eam matrem in uxorem accipere potest, sed sponsam quam prius cognoverat bene habebit non obstante affinitate superveniente ex copula matris quae matrem ... praesumptis textus decimus cap. veniens et 2 cap. de eo qui ... de spons. et non licet ... minime dissolvit cap. transmissae cap. sensus sit non posse prefatum iuvenem qui desponsatam sibi puellam antequam eius matrem cognovit, eam in uxorem accipere propter supervenientem affinitatem ex persona matris matrimonium illud presumpturus tempore illius textus solvenat quia iam correcta est per decisionem capituli discretionem capituli sordani codicis. explodenda est hec interpretatio fugienda quippe est iuxta correctionem, hinc contra interpretationibus reiectis et omissa alia quam tradit Gonzalez in n. 2 dixisse textum est illius casus esse sensum esse quod si iuvenis sponsam cognovit, antequam matrem eam in uxorem accipere debeat cum supervenientem affinitatem matris non obstat ex quo iuribus non eam habebit quo ad facultatem exigendi debitum coniugale quia propter incestum crimen quod postea commisit matrem sponse carnaliter cognoscendo non debet ipse exigere debitum sed exactum reddere tenebitur cap. 1 cap. discretionem cap. ult. illo tit. et sic ipse non habet sponsam sicut iure debet here uxorem sed ad voluntatem suam quo ad debitum coniugale exactum, si vero cognovit sponsam postquam matri carnaliter adhesit non potest uxorem here propter affinitatem supervenientem et hec est vera huius capituli sententia quam me docuit Canonistam in eo textus n. 6 et

Verum plurimis omissis breviter existimamus sensum [illegible] in dicto cap. fin. qui filii sint Legitimi sequentem esse, [illegible] infideles matrimonium [illegible], et postmodum prima coniuge repudiata alterum coniugium cum altera celebrasse, et prolem [illegible] suscepisse, quo casu cum dubium sit an filii ex hoc secundo matrimonio nati sint Legitimi responsum redditur [illegible] verbis [illegible] quod quidem demonstrat [illegible] filios legitimos esse [illegible], quod verbum appositum propter fuit, quia matrimonium [illegible] cum secunda uxore, vivente prima invalidum [illegible] rigore [illegible] filii debent esse illegitimi [illegible] in cap. gaudemus de divortiis. [illegible] inter [illegible] matrimonium [illegible] bona fide, hoc bona fides, et opinio [illegible] sufficit ad hoc ut proles legitima iudicetur [illegible] in cap. ex tenore cum vulgatis qui filii sint Legitimi, ita similiter [illegible] matrimonium [illegible] existimant [illegible] uxorem repudiare posse, et [illegible] ex hac filios habuerunt, Legitimi iudicantur, [illegible] credebant Legitime posse [illegible] post [illegible] repudium [illegible] coniugi; quod licet de iure [illegible] verum, tamen de aequitate locum habet, [illegible] significat illud verbum [illegible] quam solutionem tradit Panormit. in dicto cap. fin. qui filii sint Legitimi n. 4 [illegible]. =

Ex qua solutione infertur [illegible] explicatio ad illam celebrem quaestionem: an [illegible] olim licitum fuisset repudium quo a vinculo libero manente utroque coniuge, itaut ad alias nuptias transire posset. In qua quaestione [illegible] difficilis [illegible] quod circa Hebraeos observabatur, postea de eo quod apud Gentiles ante [illegible] evangelicam [illegible], erit sermo. Quum oraculis firmior sit [illegible] ad [illegible] difficilis [illegible] consideratio [illegible] [illegible] perpendo. Supponit [illegible] Mulierem mariti sui mortem machinantem matrimonio et lege ipse [illegible] privari debere. quae doctrina difficilis est ex eo quoniam sola machinatio mulieris non est sufficiens ad hoc ut [illegible] separentur divortium quod inter illos quo ad thorum celebratur, sed [illegible] expectatur causa fornicationis sine qua [illegible] [illegible] [illegible] in cap. quid quid mulier 32 q. 5. c. si quis vivente 31 q. 1. Confirmatur difficultas ex cap. super hoc de significatione [illegible] de eo [illegible] in matrimonio. [illegible] in [illegible] [illegible] certe probatum solam [illegible] non [illegible] ad impediendum matrimonium nisi adulterium simul concurrat quod deliberatur ad valorem separationis quoad thorum. =

Ubi vivente marito coniugem illius adulterasse accusat, [illegible] gentilis plectendus est. et in ultimis verbis ibi quod si [illegible] fuerit sine ulla spe coniugii maneant perpetuo cum [illegible].

12 Augetur difficultas [illegible]. quoniam et [illegible] animum et conatum [illegible] maritum interficiendi mulier [illegible] [illegible] si [illegible] opus subsequutum non fuisset videbatur penam non mereri taliter [illegible] pena ordinaria non esset imponenda nisi [illegible] [illegible] [illegible] solam machinationem non sufficere, [illegible] merito affirmare debemus [illegible] [illegible] expectandam ad hoc ut mulier [illegible] [illegible] ipse privari valeat.

Ad [illegible] in cap. Accusatores 2. 3. 95. ubi [illegible] Calixtus Papa referat aliquot personas, quas ab accusatione [illegible] removendas esse decernit, inter eos enim in primis enumerat familiares, [illegible] tam ab accusatione quam [illegible] dicendo repellendos fore edocet, [illegible] familiares [illegible] accusatores [illegible] ponere. Videtur infringi argumento 13. Navarri [illegible] in cap. quid in omnibus 16. 32 q. 7. [illegible] quid in omnibus peccatis adulterio est gravius. secundum namque in ordine obtinet locum quoniam [illegible] illi habent qui aberrant Deo, etiam si sobrie vixerint: ex quibus verbis aperte colligitur adulterium [illegible] primum, tamen secundum locum inter [illegible] [illegible] superare adeo aberrantes igitur simonia gravius ac detestabilius crimen non est.

: 2° difficultas [illegible] [illegible] in cap. licet [illegible] hoc nostro [illegible] crimen lesæ maiestatis adeo grave esse ut primum obtineat sedem inter omnia ergo simonia omnibus delictis gravius non est. Huic gemine obiectioni gemina occurrit satisfactio. non enim negamus plura delicta in [illegible] esse que secundum aliquam circunstantiam sint graviora simonia at [illegible] attenta natura et qualitate simonie asserimus nullum gravius ac detestabilius crimen simonia esse, nec quidquam [illegible] [illegible] authoritates [illegible] in d. cap. quid in omnibus 32 q. 7 ex quo probaremus adulterium gravius ceteris peccatis esse nam hoc intelligendum est respectu mariti qui molestum id patitur etiam propter filios [illegible] [illegible] [illegible] mater [illegible] nec denique obstant [illegible] in d. cap. per plures [illegible] in d. cap. licet [illegible] nam [illegible] ostet crimen lesæ maiestatis gravius quam cetera crimina puniri, hoc tamen intelligitur ad terrorem at hoc scilicet [illegible] [illegible] huius [illegible] terrore [illegible] perpetratis abhorreant quod in eo specialiter [illegible] ita docet Suarez in d. cap. 13 per totum = quod autem simonia gravissimum sit delictum, sic [illegible] in omnibus ministeriis ecclesiasticis reiicienda probari potest ex exemplo cuiusdam [illegible] episcopi relato per Baronium anno 155 qui cum esset accusatus de simonia et iussus proferre verba illa Gloria Patri et Filio, et Spiritui Sancto defecit post prolata verbum Patri et Filio, nec unquam potuit proferre sequentia, Spiritui Sancto, quod in hoc crimine [illegible] [illegible] voluit Deus in dubio exemplo [illegible] [illegible] [illegible] [illegible] defecit in voce et Spiritui Sancto. non in reliquis quia directo iniuria Spiritui Sancto fiebat cum ipse gratia sit; =

Alter 2° labor est intrinsecus administrationi et in quo ipsa sacramenti administratio consistit qualis est qui impenditur in celebrando, audiendo confessione et reliqua sacramentalia exercendo de quo intelligendus est noster [illegible] hoc namque labore asserimus pecuniam nullatenus exigendam iuxta ea que tradit Andreas Baiensis [illegible] ad [illegible] de simonia [illegible] =

Quinta difficultas dirigitur contra illas nostri Juris partes, quae sanciunt Clericos usurarios poena suspensionis, vel privationis offitii, et beneficii, Laicos autem poena excommunicationis [illegible], et in hunc modum, puniebat usurarios [illegible] poena privationis [illegible] sepulturae, [illegible] de quibus in cap. quia in omnibus 3. cap. [illegible] usurarii tamen puniuntur poena suspensionis, et excommunicationis. =

[illegible] ad [illegible] varios proponi solere usuras [illegible] inter [illegible] sequens placet [illegible] usuris duplicem esse, alliam quidem realem, aliam [illegible] mentalem. Realis [illegible] usura dividitur in expressam seu formalem, et in virtualem, seu implicitam, aut palliatam. Expressa [illegible] formalis nuncupatur illa, in qua intervenit pactum explicitum reddendi aliquid ultra sortem, [illegible] centum ut post annum reddas mihi centum et quinque. Usura [illegible] virtualis implicita, seu palliata appellatur quae [illegible] in mutuo formali et expresso, sed in tacito, atque virtuali [illegible] ac nomine [illegible] [illegible] velut pallio occultatur, atque virtualiter includitur, ut accidit quando quis alteri domum [illegible] [illegible] ob dilatam solutionem, aut emit minoris [illegible] anticipatam solutionem [illegible] ditor concedit dilationem [illegible] mutuare tacite, et virtualiter [illegible] usque ad [illegible] [illegible] ad solvendum, et dum emptor anticipat solutionem, implicite videtur mutuare usque ad [illegible] traditionem rei emptae.
